General Information

INTRODUCTION

The Oklahoma Health Care Authority (OHCA) is the state agency responsible for the administration of the Oklahoma Medicaid program. The OHCA has a contractual agreement with Electronic Data Systems (EDS) to be the fiscal agent for the Oklahoma Medicaid program. The OHCA's primary objective is to maintain a system to accurately and effectively process and pay all valid Oklahoma Title XIX Medicaid program provider claims.

This publication is the primary reference for submitting and processing claims, prior authorization requests, remittance advice and other related documents. This manual is not a legal description of all aspects of Medicaid law. This manual is intended to provide basic program guidelines for providers that participate in the Oklahoma Medicaid program.

A provider's participation in the Oklahoma Medicaid program is voluntary. However, providers that chose to participate in Medicaid must accept the Medicaid payment as payment in full for services covered by Medicaid. The provider is restricted from charging the Medicaid member the difference between the usual and customary charge, and Medicaid's payment. Services not covered under the Medicaid program can be billed directly to the member. If there are any instances where the guidelines appear to contradict relevant provisions of the Oklahoma Medicaid policies and rules, the policies and rules will prevail. This manual does not take precedence over federal regulation, state statutes or administrative procedures. The OHCA and EDS developed this manual for Oklahoma Medicaid providers.

The Provider Billing And Procedure Manual will receive periodic reviews, changes and updates. The online version of this manual is the most current version and is available at the OHCA Web site at http://www.okhca.org. Once there, click on Provider, Policies & Rules, scroll down to Guides & Manuals and click on the OHCA Provider Billing & Procedure Manual. Providers issued print and CD copies of this manual will not automatically receive an updated version.

SECTION A: OHCA WEB SITE

The OHCA administers the state of Oklahoma's Medicaid agency program known as "SoonerCare." Primary programs under SoonerCare include: SoonerCare Traditional, SoonerCare Choice and Sooner Plan. The OHCA Web site at http://www.okhca.org (see screen sample 1.1) provides information for Medicaid members and providers with data on programs, and health and medical policies.

Chapter 2

SoonerCare Programs

INTRODUCTION

In order to be eligible to participate in Oklahoma SoonerCare programs, providers must have an approved provider agreement on file with the OHCA. Through this agreement, the provider certifies all information submitted on claims is accurate and complies with all applicable state and federal regulations. This agreement is effective once the provider signs the agreement, and the OHCA reviews and approves the agreement.

SECTION A: PROVIDER POLICIES

A provider is any individual or facility that qualifies and meets all state and federal requirements, and has a current agreement with the OHCA to provide health-care services under SoonerCare or other OHCA-administered medical service programs.

PAYMENTS

Payments to providers under SoonerCare are made for services identified as personally rendered services performed on behalf of a specific patient. There are no exceptions to personally rendered services unless specifically set out in coverage guidelines.

Payments are made on behalf of SoonerCare eligible individuals for services within the scope of the OHCA's medical programs. Services cannot be paid under SoonerCare for ineligible individuals, services not covered under the scope of medical programs or services not meeting documentation requirements. These claims will be denied or payment will be recouped, in some instances upon post-payment review.

SECTION B: PROVIDER FILE MAINTENANCE

Provider agreements must be renewed every three years. It is the responsibility of the provider to maintain records and agreements with the OHCA.

All information changes including address, phone number, bank (including electronic funds transfer data) and group member changes must be promptly reported. Failure to maintain current provider information can result in delay or denial of payments for services rendered. Changes for all provider record information should be in writing and signed by the provider. Please mail your request to:

Oklahoma Health Care Authority
Attention: Provider Enrollment
P.O. Box 54015
Oklahoma City, OK 73154

For additional information on provider enrollment criteria, call the OHCA toll-free in state at 800-522-0114 (option 5), or out of state at 405-522-6205 (option 5). You can also go to www.okhca.org, click on Enrollment, New Contracts and select the appropriate option.

SECTION C: PROVIDER SERVICES

ELIGIBILITY VERIFICATION SYSTEM (EVS)

The EVS system is available from 5 to 1 a.m. Access information by entering the provider's SoonerCare ID number and the alpha-character location code.

The automated voice response (AVR) system provides a nationwide toll free telephone number to help providers obtain pertinent information. Providers are able to enter information on a touch-tone phone or by the AVR speech application.

Available Services
The following is a list of information that can be obtained through the AVR:

- Member eligibility with fax back capabilities.
- Provider warrant information.
- Prior authorization with fax back capabilities.
- Claim status inquiry.

More information regarding the EVS can be found in the Member Eligibility Verification chapter of this manual

EVS Phone Numbers
Nationwide toll free: 800-767-3949
Oklahoma City metro area: 405-840-0650

COMPUTER TELEPHONY INTEGRATION

Computer Telephony Integration (CTI) allows providers to enter information - such as name, provider number and location - through the AVR system. The information is captured and sent to the appropriate provider service coordinator. The provider representative enters notes and questions from the provider into the call tracking system, so if a call must be transferred the provider's information will be captured and available to the next representative.

CALL CENTERS

The OHCA is committed to providing customer service to the provider community, members and other interested parties. OHCA Call Center representatives answer inquiries regarding claim status, eligibility, warrant information, proper billing procedures, prior authorization and SoonerCare policy for providers as well as members. Complex claims and written correspondence are some of the types of inquiries addressed by the OHCA Provider Service Coordinators.

OHCA Services closely interacts with the EDS Provider Relations staff to resolve training issues related to the Oklahoma SoonerCare program. Provider Services and EDS Provider Relations act as intermediaries for providers, members and others by resolving billing or adjudication problems requiring additional information or research.

PROVIDER INQUIRIES

Telephone inquires are received between 7:30 a.m. and 5:30 p.m., Monday through Friday. (Pharmacy Help Desk is available extended hours seven days/week.)

Available Services

Information available to the provider through the call tree options include:

- Claim status.
- Eligibility/EVS.
- Pharmacy Help Desk.
- Provider Contracts.
- Adjustments.
- Third Party Liability (TPL).
- PIN resets.
- Prior Authorization.
  - Medical.
  - Dental.

Before You Call

When calling OHCA Provider Services or the OHCA Call Center, **have the following information available** to expedite the research of the inquiry:

- ✓ The 10-character (nine numbers, alpha character) SoonerCare provider number.
- ✓ The SoonerCare member's ID number.
- ✓ The date(s) of service.
- ✓ The billed amount.

MEMBERS INQUIRIES

When inquiring by telephone, please call between 7:30 a.m. and 5:30 p.m., Monday through Friday.

Phone Numbers

Members toll-free: 800-522-0310
Metro Area: 405-522-7171

Available Services

Information available for the members through the call tree options include:

- Eligibility.
- Claim status.
- SoonerCare Member Services.
- Pharmacy Help Desk
- Enrollment Agent.
- Patient Advice Line, 5 p.m. – 8 a.m. M-F, 24 hours daily on holidays and weekends when Help Line is closed.
- Spanish assistance, 7:30a.m. – 5:30 p.m. M-F.

EDS FIELD CONSULTANTS

EDS has a team of regional field consultants with in-depth knowledge of Oklahoma SoonerCare billing requirements and claim-processing procedures. Training is offered on billing, EVS

and AVR, Electronic Data Interchange (EDI) and Medicaid on the Web Secure Site. Field consultants provide training through on-site visits and workshops. They encourage providers to use electronic claim submission because it's fast, easy to use and saves money.

Training Objectives

The focus of a field consultant is to

1. train newly enrolled providers;
2. contact and visit high-volume providers; and
3. conduct provider training workshops.

Providers may contact their field consultant by telephone to request a visit for training at the provider's location. Field consultants are responsible for arranging their own schedules. They are available Tuesday through Thursday for onsite provider visits. Provider on-site visits are normally scheduled two weeks in advance. Since field consultants are often out of the office, please allow a minimum of 48 hours for telephone calls to be returned.

NOTE*: Field consultants are the last resource for any claim inquiry questions. For claim research or resolution of other Oklahoma* SoonerCare *issues, contact the OHCA Call Center at 800-522-0114 or 405-522-6205.*

Provider Workshops

Field consultants are responsible for the development and presentation of educational workshops about all procedural aspects of the Oklahoma Medicaid Management Information System (OKMMIS).

The OHCA presents scheduled workshops throughout the year to educate providers on Oklahoma SoonerCare claim processing procedures. Workshops are announced in bulletins, newsletters and on the OHCA Web site at http://www.okhca.org. Group training can also be arranged at the request of individual provider groups or associations.

Be Prepared

The following information should be provided to assist your field consultant in planning the visit or workshop:

- ✓ Provider type and specialty attending the seminar.
- ✓ Number of attendees.
- ✓ Time and location of the event.
- ✓ Issues to be addressed.
- ✓ Point of contact, in case additional information is needed prior to the event.

MEDICAID ON THE WEB/SECURE SITE

Medicaid on the Web is the OHCA's secure Web site, offering providers a number of services from submitting claims on the Web to fast verification of claim status. New providers are assigned a PIN to access the Web site.

To access the page, go to www.okhca.org, click on the Provider tab and choose Secure Site from the drop-down menu. For more information on logging in for the first time and entering the secure site, look under the Help tab on the Web site. Medicaid on the Web is available from 5 to 1 a.m.

Available Services

The following services are available to Medicaid on the Web users:

- Global messaging (can be specific to one or all providers).
- Claims submission.
- Claims inquiry.
- Prior authorization submission.
- Provider PA notice.
- Prior authorization inquiry.
- Procedure pricing.
- Financial warrant amount.
- Eligibility verification.
- Managed Care rosters.

SECTION D: WRITTEN INQUIRIES

When inquiring in writing about the status of a SoonerCare claim, use the SoonerCare Claim Inquiry/Response form HCA-17. A sample of this form is found in the Forms chapter of this manual. Follow the instructions on the form. Attach a copy of the original claim and any supporting documentation, such as a copy of the remittance/denial, PCP/CM referral, Medicare EOMB, consent forms or medical records required for review.

Mail Inquiry/Response forms, policy questions and any other written correspondence regarding hard-to-resolve SoonerCare claims to:

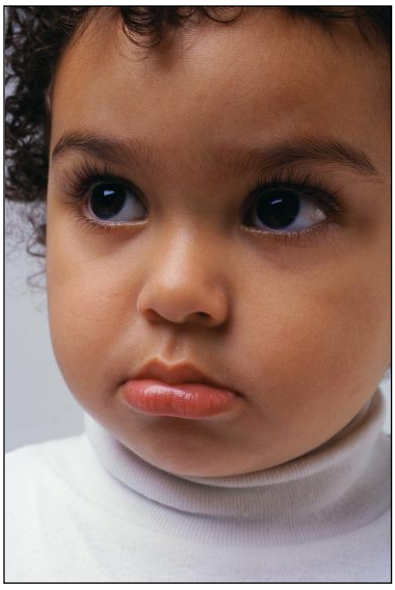
The OHCA
Attention: Provider Services
P.O. Box 18506
Oklahoma City, OK
73154-0506

MAILING CLAIMS

Original, corrected and re-filed claims are submitted to the fiscal agent at the appropriate address listed in the General Information chapter of this manual. Claims mailed to addresses other than the assigned P.O. Box might result in payment delays. For a list of mailing addresses, see the General Information chapter of this manual.

Chapter 3

SoonerCare Choice



INTRODUCTION

SoonerCare Choice is Oklahoma's Medicaid Managed Care program. The program began in 1996 in 61 rural counties in Oklahoma. It was expanded statewide in April 2004 to include urban counties that had been previously covered under the SoonerCare program. The Choice program provides primary and preventive health care services. Health care is provided and managed by a Primary Care Provider/Case Manager (PCP/CM) that contracts to be a medical home for members on their panel. The level of medical home determines the care coordination payment the PCP receives. All other services are pay based on the OHCA current FFS payment methodology. PCP may also qualify for SoonerExcel incentive payments based on individual performance.. Physicians, nurse practitioners and physician assistants in primary care specialties can contract as PCP/CMs.

Quality Assurance

The OHCA is committed to ensuring that high quality health care is always available to its members. SoonerCare Choice providers agree to cooperate with external review organizations, internal reviews and other quality assurance efforts.

Quality Assurance (QA) Tools
Quality assurance measures may include:

CAHPS Report Card
Annual telephone and mail surveys of SoonerCare Choice members are conducted by an external review organization, which measures health care satisfaction, including care provided by their PCP/CM.

After-Hours Surveys
Telephone surveys are conducted by the OHCA or one of its agents to ensure that PCP/CMs provide information concerning after-hours access to medical information or a medical professional.

Member Reports
Member calls to the SoonerCare Helpline for issues regarding quality of care or access to care needs are documented and forwarded to the OHCA for research and/or resolution.

On-Site Audits
On-site audits are conducted by OHCA Quality Assurance/Quality Improvement staff.

Encounter Data Reviews
Data reflecting medical care use rates, preventive care services and referral patterns are reviewed and analyzed. This information is

used in determining use patterns, referral patterns, rate setting and other reporting purposes.

Emergency Room Utilization Profiling
OHCA Quality Assurance/Quality Improvement staff perform quarterly analysis of PCP/CM office encounter claims submission versus emergency room claim submission. The results of these reports are forwarded to the PCP/CMs as well as SoonerCare Provider Services. The goal of this project is to reduce inappropriate use of emergency rooms.

SECTION A: COVERED MEMBERS

The Oklahoma Department of Human Services (OKDHS) determines the eligibility for all SoonerCare members. Members must meet financial, residency, disability status and other requirements before they can become eligible for SoonerCare.

SoonerCare Choice covers members who qualify for medical services through the Temporary Aid to Needy Families (TANF) program or those who qualify due to age or disability. Members may also include women who have been diagnosed with breast or cervical cancer under Oklahoma Cares, or children with disabilities who qualify under the Tax Equity and Fiscal Responsibility Act (TEFRA).

NATIVE AMERICANS

Native Americans who are eligible for SoonerCare Choice must enroll with a Primary Care/Case Manager. They may choose a traditional SoonerCare Choice provider or enroll with an Indian Health Service, Tribal, or Urban Indian (I/T/U) clinic provider that participates in the program. All Native American members have the option to self-refer to any I/T/U facility for services that can be provided at these facilities.

SOONERCARE CHOICE EXEMPT

Most members who are eligible for SoonerCare benefits will be enrolled in the SoonerCare Choice program. Individuals exempt from this mandate are

- eligible for Medicare and SoonerCare Traditional;
- enrolled in a waiver program, (examples being. Advantage or Home/Community waiver);
- residing in a long-term care center or institution;
- enrolled in a private Health Maintenance Organization (HMO); or
- a subsidized adoption.

SECTION B: ACCESS TO CARE

SoonerCare Choice PCP/CMs are required to maintain access to primary and preventive care services in accordance to its contract. The following standards apply:

1. PCP/CMs must maintain 24 hour, seven day per week telephone coverage, which will either page an on-call medical professional or give alternate information to members concerning who they can contact to obtain medical advice. PCP/CMs are allowed to use the SoonerCare Patient Advice Line (PAL) for this purpose during the PAL's operating hours. These hours are 5:00 p.m. to 8:00 a.m. Monday through Friday. The PAL is available 24 hours per day on weekends and state of Oklahoma legal holidays. Please note, the PAL is not intended to replace a PCP/CMs obligation to assess and triage patients during normal business hours.
2. PCP/CMs must offer hours of operation that are no fewer than the hours of operation offered to commercial patients or SoonerCare Traditional members.
3. PCP/CMs must provide medical evaluation and treatment within 24 hours for urgent medical conditions. Generally, urgent care is for sudden illnesses or injuries where there is no immediate danger of death or permanent disability.
4. PCP/CMs must provide routine or non-urgent medical care within three weeks. Routine physicals or chronic conditions that require less frequent care may be excluded from this three-week period.
5. PCP/CMs that provide services to members 18 years old or younger are required to participate in the Vaccines for Children program through the Oklahoma State Department of Health (OSDH) and document immunization data in the Oklahoma State Immunization Information System (OSIIS) database.
   - PCP/CMs can charge a co-payment to choice members.

Emergency Care

PCP/CMs are not required to provide emergency care either in its office or in an emergency room. PCP/CMs that do provide emergency care in the emergency room will be reimbursed based on current OHCA policy.

PCP/CMs should not refer members to an emergency room for non-emergeny services. Providers should interact with its assigned members to discourage inappropriate emergency room use. PCP/CMs should manage follow-up care from the emergency room, as needed.

SECTION C: MEMBER ENROLLMENT/DISENROLLMENT

SOONERCARE CHOICE ENROLLMENT EXCEPTIONS

Exceptions to enrollment in SoonerCare Choice are individuals who are

- enrolled in an HMO;
- in a subsidized adoption;
- in a nursing home or special care center;
- in a home and community-based waiver; or
- eligible for Medicare and SoonerCare Traditional coverage.

SoonerCare member benefits start when DHS determines eligibility for SoonerCare Traditional and certifies the case. The effective date of SoonerCare Choice members' benefits depend on the certification date. Always check the Eligibility Verification System (EVS) either by calling the toll-free EVS line, through the swipe machine or on the Medicaid on the Web Secure Site.

NOTE: *Medical care during the time a member is eligible for SoonerCare Traditional, but not yet effective in SoonerCare Choice, will be covered under the SoonerCare Traditional fee-for-service program.*

Continuing eligibility for SoonerCare benefits must be recertified periodically. The recertification intervals vary according to the type of assistance members receive. SoonerCare members are notified in writing by DHS prior to the expiration of benefits.

Breaks in eligibility may mean a disruption in continuity of care. If the PCP/CM's capacity is limited in comparison to demand, the member may not be able to regain his or her place on that PCP/CM's panel.

Members may reenroll with a PCP/CM by calling the SoonerCare Helpline if they have a break in eligibility and are being recertified. Members who lose and regain eligibility within 365 days are assigned to their most recent PCP/CM, if the PCP/CM has available capacity and is within the PCP/CM's scope of practice.

Choosing a PCP/CM

The OHCA offers all members the opportunity to choose a PCP/CM from the provider directory. If a member does not choose a PCP/CM, the OHCA will contact the member to assist them in choosing a medical home. If a member seeks care prior to choosing a medical home the provider seeing the member will be the medical home.

Families with more than one eligible member are allowed to choose a different PCP/CM for each eligible member.

Enrollment with a PCP/CM takes effect at the beginning of each month. Prior to the first day of each month, the OHCA provides the PCP/CM with a SoonerCare Choice eligibility listing of new enrollees and continuing members.

Capacity (Number of Members requested per PCP/CM)

The PCP/CM specifies the maximum number of members he or she is willing to accept. The maximum number is 2,500 members for each physician PCP/CM. The maximum capacity for physician assistants and nurse practitioners serving as PCP/CMs is 1,250. The PCP/CM must agree to a minimum panel of 50 members. The OHCA cannot guarantee the number of members a PCP/CM receives.

A PCP/CM may request a change in its capacity by submitting a written request to the Provider Enrollement division of the OHCA. If approved, the OHCA will implement the change on the first day of the month with sufficient notice.

If a PCP/CM requests a lower capacity - within program standards and it is approved by the OHCA - the reduction in members will come through members changing PCP/CMs or losing eligibility. Members will not be disenrolled to achieve a lower capacity.

Changing PCP/CMs

The OHCA or the SoonerCare Helpline may change a member from one PCP/CM to another PCP/CM for the following reasons:

- Member can request change without cause.
- When a PCP/CM terminates his or her participation in the SoonerCare Choice program.

Disenrollment At The Request of the PCP/CM

The OHCA may also change a member from the assigned PCP/CM to another PCP/CM for good cause and upon written request of the assigned PCP/CM. If the request is a good cause change, the OHCA will act upon the request within 30 days of receipt from the OHCA SoonerCare Choice division.

Good cause is defined as:

- Non-compliance with PCP/CM's direction.
- Abuse of PCP/CM and/or staff (includes disruptive behavior).
- Deterioration of PCP/CM- member relationship.
- Three no-show appointments.

The dismissal request and supporting documentation should be forwarded for processing to SoonerCare at 405-530-3228. Members may not be notified by the PCP/CM until approval for disenrollment is granted by the OHCA.

Either party has the right to appeal the decision to the administrative law judge, pursuant to OAC 317:2-1-2 (the Authority's Grievance Procedure)

SECTION D: REFERRALS

SoonerCare Choice referrals

- are made on the basis of medical necessity as determined by the PCP;
- are required prior to receiving the referred service, except for retrospective referrals as deemed appropriate by the PCP/CM; and
- must have the correct provider referral number to ensure payment to the "referred to" provider (provider/referral numbers are site specific).

Referrals must be signed by the PCP/CM or a designee within the PCP/CM's office who is authorized to sign for the provider.

Some services may also require prior authorization. It is up to the "referred to" provider, or provider ordering services, to obtain prior authorization as needed. Prior authorization for services is obtained through the Medical Authorization Unit at OHCA.

SoonerCare Choice referrals must be made if the member requests a second opinion when surgery is recommended. Following the second opinion, any treatment received by the member is to be rendered by the PCP or through a referral made by the PCP/CM.

SoonerCare Choice referrals may be made to another PCP/CM for services equal to those of a specialist. Examples of this are, a family practitioner could refer to another family practitioner who performs a surgical procedure, or a general practitioner could refer to an internist who manages complicated diabetic patients.

SoonerCare Choice referrals may be made to a provider for ongoing treatment for time specified by the PCP/CM, but limited to 12 months. For the duration of the referral, the referred-to provider will not be required to receive further referrals to provide treatment for the specific illness indicated on the referral.

SoonerCare Choice referrals are not required for

- child physical/sexual abuse exams;
- services provided by a PCP/CM for members enrolled or assigned to the PCP/CM;
- emergency room care;
- obstetrical care;
- vision screenings for members younger than 21 years;

- basic dental for members younger than 21 years (benefit is limited to emergency extractions for members older than 21 years);
- behavioral/mental health;
- family planning;
- inpatient professional services;
- routine laboratory and x-ray; or
- services provided to Native Americans in a tribal, IHS or Urban Indian Clinic facility.

Payment of Referred Services

Payment for referred services is subject to coverage limitations under the current SoonerCare reimbursement policies. Payment for referred services are limited to four specialty visits per month for adults older than 21 years. Visits to their PCP are excluded from this limitation. To ensure payment, PCP/CMs must refer only to SoonerCare providers that have an active SoonerCare Traditional contract.

Documenting the Medical File

Documentation in the medical record should include a copy of each referral to another health care provider and any additional referrals made by the referred-to provider when this information is known. An example might be ancillary services.

Documentation in the medical record should include a medical report from the referred-to provider. The referred to provider should report its findings to the referring PCP/CM within two weeks of the member's appointment. In the event a medical report is not received within a reasonable time, the PCP/CM should contact the referred-to health care provider to obtain this information.

Unauthorized Use of Provider Number

Unauthorized use of a SoonerCare Choice NPI number may result in official action to recover unauthorized reimbursements from the billing provider.

Referral Form and Instructions

In the SoonerCare Choice program, the PCP/CM is responsible for providing primary care and making specialty referrals. The PCP/CM completes the referral form, including the referral number. The PCP/CM's SoonerCare Choice NPI number serves as their referral number. The provider/referral number is site specific and must be for the site where the member is enrolled or assigned. The referral includes ancillary services rendered, or required, by the "referred to" specialist.

With the PCP/CM's approval, a specialist may relay a copy of the original referral to other specialists with instructions considered necessary for proper member treatment. Payment is subject to the current SoonerCare reimbursement policies.

The provider mails the original of the completed form to the specialist, or "referred to" provider. A copy of the form is retained in the patient's medical record.

When a claim is submitted by a "referred to" provider, the referral number must be entered in box 17a of the 1500 claim form, or box 30 of the UB-04 hospital claim form. A copy of the referral should not be attached to the claim. If the referral number is not on the claim form, payment will be denied unless for self-referred services.

Referral forms can be accessed and printed from the Forms page on the OHCA Web site at www.okhca.org.

SECTION E: EPSDT

Early and Periodic Screening Diagnosis and Treatment (EPSDT) is a federally mandated program and one of the highest priorities of the SoonerCare Choice program. EPSDT is designed to provide a comprehensive program of preventive screening examinations, dental, vision, hearing and immunization services to SoonerCare Choice members age 20 or younger.

Schedule of EPSDT Services

As a minimum, the following schedule for EPSDT screening is required:

- Six visits during the first year of life.
- Two visits in the second year of life.
- One visit yearly for ages two through five.
- One visit every other year for ages six through 20.
- Metabolic lead screen at ages one and two; or six years old if not done by age 2. *This is mandatory*.

Additional Requirements

The OHCA requires contractors to:

- Conduct and document follow-up appointments with all members younger than 21 years old who miss appointments.
- Administer outreach, including telephone calls or printed notification mailed to a member when a health care screen is indicated or missed. This ensures that all members who are age 20 or younger are current.
- Educate families of members age 20 or younger about the importance of early periodic screening, diagnosis and treatment.

EPSDT Bonus Payment

The OHCA offers bonuses paid to PCP/CMs that demonstrate a specified screening rate.

To qualify for the EPSDT bonus, verifiable encounter claim data must be submitted in a timely manner as set forth in the SoonerCare Choice contract (Section 6.2 for year 2007) and for any following contract addendums.

The OHCA may conduct onsite chart audits.

See the Reimbursement section below for further bonus payment details.

SECTION F: REPORTING REQUIREMENTS

Data, information and reports collected or prepared by the PCP/CMs in the course of performing its duties and obligations as a PCP/CM are owned by the state of Oklahoma. The OHCA and other appropriate entities reserve the right to examine this information upon request. This information includes medical and financial records, accounting practices, and other items relevant to the provider's contract.

The PCP/CM is required to report to the OHCA in writing and within a timely manner any changes to its SoonerCare Choice contract. The report must include demographic, financial and group composition information as reported in their contract.

Claims submitted by the PCP/CM should be submitted in the same manner and on the same claim forms used to submit claims for SoonerCare Traditional members. Encounter Claims must be submitted within 60 days from the date of services. Denied claims must be corrected and resubmitted within 60 days of adjudication.

SECTION G: REIMBURSEMENT

CHANGE TO CARE COORDINATION

SoonerCare Choice PCP/CMs are paid a care coordination payment for each member enrolled with them on a monthly basis.

Care Coordination payments vary according to the type of members the PCP services and their level of medical home status.

Care Coordination payments are made by the 10th working day of each month for all eligible members enrolled with the PCP/CM on the first of each month. A single monthly payment is generated and accompanies the Care Coordination Listing or is deposited directly.

CLAIMS

PCP/CMs are required to file a claim with the OHCA each time a service is provided to a member. Claims filed will be paid subject to the current SoonerCare Traditional fee schedule and reimbursement policies.

Claims are to be submitted on a 1500 claim form within 60 days of the date the service was provided.

TANF STOP LOSS

To limit risk to PCP/CMs, a threshold of $1,800 per year in capitated services ($450 per quarter) is established by the stop-loss for members eligible through TANF. This is based on the SoonerCare Traditional fee schedule allowables; not gross charges.

IMMUNIZATION INCENTIVE PAYMENT

Immunization Incentive Payments are available when the PCP/CM provides written notice that it has administered the 4th dose of DPT/DTAP to a member before the member's second birthday.

SECTION H: PROVIDER RESOURCES

SoonerCare Choice PROVIDER REPRESENTATIVES

1. SoonerCare PCP/CMs and all other SoonerCare providers have provider representatives to answer questions or policy issues, research complex claim issues and provide onsite training and support. These provider representatives can be reached by calling toll free at 877-823-4529, option 2. Provider representatives will be available to assist you with questions, claim resolution or directing you to your on-site provider representative.

EDS Field Consultants

EDS field consultants make onsite visits to assist providers with billing questions and train providers to summit online claims through the OHCA Web site. The field consultants conduct bi-monthly training sessions along with the spring and fall workshops. Providers can locate their EDS field consultant by visiting the OHCA Web site at www.okhca.org. Once there

1. click on the Provider link in the center of the page;
2. click on the Training link under the Providers header on the left side of the next page; and
3. click on the EDS Field Consultants link on the right of the next page where you will find your field consultant.

Patient Advice Line

The Patient Advice Line is a service available only to SoonerCare Choice members.

Audio Tape Library

The Member Handbook lists a few of the more than 1,100 recorded topics accessible on the Patient Advice Line.

SoonerCare Choice Patient Advice Line

- is accessible Monday through Friday, 5 p.m. to 8 a.m., 24 hours on weekends and state of Oklahoma legal holidays;
- offers triage services to members based on nationally recognized triage protocols; and
- is staffed by registered nurses.

After Hours

Your after hours recording may instruct your SoonerCare Choice members to call the Patient Advice Line; however, the Advice Line serves as a supportive program and is not a replacement for after-hours provider coverage.

The Patient Advice Line offers assistance in determining if the caller has an emergency or urgent care need and educates the caller on home care.

ER Visit Notification

If the Patient Advice Line directs the member to seek emergency room care, your office and the SoonerCare Division of the OHCA will receive fax notifications the next business day.

SoonerCare Choice Patient Advice Line
Toll-free at 800-530-3002
Hearing impaired, dial SBC Relay Oklahoma at
800-722-0353 (TDD/TTY)

Translation Services

The SoonerCare Helpline offers translation services 24 hours a day, seven days a week. If you cannot communicate with the member because of language, call the SoonerCare Helpline at 1-866-872-0807 and enter state code 53510.

The Patient Advice Line (PAL) is available for translation services from 5 p.m. to 8 a.m. weekdays and 24 hours per day on weekends and state holidays. Please call PAL at 800-530-3002 for assistance during these times. The PAL contract with AT&T's translator service accommodates more than 140 languages and dialects. Physicians with a SoonerCare Choice member who does not speak English can use this service during the member's office visit. They can also connect with this service any time a non-English speaking member calls.

CARE MANAGEMENT

The Care Management Department is comprised of registered nurses and licensed practical nurses. These medical professionals

assist in facilitating medical services for SoonerCare members with complex medical conditions.

Care Management Services

- help members access care and services;
- assist providers with coordination of discharge planning;
- resolve issues and concerns with providers as related to medical care;
- help get approvals for medicines and medical services;
- provide patient education to identified groups;
- assist with coordinating community support and social service systems; and
- offer out-of-state referrals if no comparable in-state services are offered or in cases of urgent care needs.

Complex medical conditions include

- high risk OB cases;
- transplant cases;
- catastrophic illness or injury;
- women enrolled in the Breast and Cervical Cancer (BCC) program; and
- children receiving in-home Private Duty Nursing services (includes periodic home visits to evaluate & certify medically necessary services).

Quality Assurance oversees issues with

- Care Management Referral forms;
- high service utilization;
- medical regimen noncompliance;
- inappropriate ER visits;
- multiple providers/pharmacies;
- scheduled medication requests;
- refusing alternate treatments/prescriptions;
- refusing pain management referrals; and
- drug seeking behaviors.

Chapter 4

Member Eligibility Verification

INTRODUCTION

The OHCA contracts with the Oklahoma Department of Human Services (OKDHS) to determine Medicaid SoonerCare eligibility using federal and state eligibility criteria. Most Medicaid SoonerCare criteria related to income levels are determined by the federal poverty guidelines established by the U.S. Department of Heath and Human Services. Visit the Oklahoma Department of Human Service Web site at http://www.okdhs.org/programsandservices/health/ to obtain additional information on member enrollment in medical services.

SECTION A: MEMBER ID CARD

Medicaid SoonerCare members receive a permanent plastic identification card. The Medicaid Medical ID card is a white card with brown and green graphics. The card can be used for accessing the EVS system or a commercial swipe machine system to verify a member's eligibility before providing a Medicaid SoonerCare service. Shown below is an example of the medical ID card.

Members are encouraged to keep their card with them at all times; however, this card is not required to be provided by the member to receive services. Eligibility can be verified by using the member's ID number from their card, member's Social Security number with member's date of birth, member's first and last name along with date of birth or the member's DHS case number; leaving off the 2-digit person code. It's the provider's responsibility to verify the member's eligibility on a per visit basis to ensure the member's continued eligibility for Medicaid SoonerCare coverage. Failure to verify eligibility prior to rendering services could result in a delay or denial of payment.

SECTION B: OPTIONS TO VERIFY MEMBER ELIGIBILITY

As an Oklahoma Medicaid SoonerCare provider, it is imperative that the member's eligibility is verified before providing any services. Providers can check a member's eligibility using one of

four sources: Eligibility Verification System (EVS), the secure Web site, swipe machines or Electronic Data Interchange (EDI). The purpose of the ID card is to give sufficient information to verify eligibility of the member. The card by itself is not a guarantee of eligibility. Providers need a Personal Identification Number (PIN) to access the Oklahoma Medicaid secure Web site and the EVS. If a provider forgets their PIN, they can obtain it by calling the Security Help Desk toll free at 800-522-0114 or within the Oklahoma City metro area at 405-522-6205 and selecting options 2 then 1.

EVS/AVR

The EVS provides a national toll-free telephone number to help providers obtain member eligibility, third party liability (TPL), warrant, prior authorization and claim inquiry information. Providers can also request prior authorization and eligibility fax backs. There are two ways to use the EVS system. A caller may use the touch-tone system or the automated voice response (AVR)/speech recognition system. A PIN is required to access member eligibility information. The four-digit PIN expires every six months. Providers may reset their PIN by staying on the phone and following the prompts.

Touch-Tone System

The touch-tone system allows a caller to go through the call by using the telephone's number pad. The caller's telephone must have touch-tone capability, as rotary style phones will not work on the touch-tone system.

Alpha Conversion

Entering the provider's SoonerCare ID number can access eligibility information. This will be a nine-digit number and the one alpha character location code that was assigned by the OHCA. A location conversion code has been established for the alphabet to be used in conjunction with the EVS. The codes are patterned to coincide with the location of numbers and letters on a telephone keypad. For example, the letter *A* converts to *21. The number 21 represents the second button and the first letter on the second button of the telephone keypad. The letter *R* converts to *72, representing the seventh button, third letter. See the alpha conversion chart below.

Alpha Conversion Chart for EVS

A=*21	F=*33	K=*52	P=*71	U=*82	Z=*12
B=*22	G=*41	L=*53	Q=*11	V=*83	
C=*23	H=*42	M=*61	R=*72	W=*91	
D=*31	I=*43	N=*62	S=*73	X=*93	
E=*32	J=*51	O=*63	T=*81	Y=*93	

AVR/Speech Recognition

Providers without a touch-tone phone can access information using the AVR. The AVR system allows a caller to use a speech application. By speaking into the phone, a caller is able to use the system to get all the information they need. The system is available seven days a week from 5 a.m. to 1 a.m.
Nationwide Toll Free: 800-767-3949
Oklahoma City Metro Area: 405-840-0650

Secure Site Eligibility Verification

Providers have the ability to verify member eligibility through the Secure Web site. They do this by logging into the secure site and clicking on the Eligibility tab. The member may use his or her ID number, Social Security number with date of birth, the member's first and last name along with date of birth or the DHS case number to check eligibility. This must be combined with the "from" and "to" dates of service. Arrow buttons next to the date-of-service fields activate a calendar pop-up feature to aid in selecting dates. The resulting data appear below the search criteria. When searching eligibility on the secure Web site, the Web site will display a verification number and a status of A or N. The verification number and the status do not reflect the member's eligibility. The member's eligibility information is listed under the section titled "Eligibility". Checking eligibility on the secure Web site will also give Third Party Liability (TPL) and Medicare coverage information.

Swipe Card

This device, similar to a credit card machine, hooks into a phone jack. The provider swipes the Medicaid SoonerCare ID card through the reader, which reads the magnetic strip. The eligibility information is displayed on the screen or printed on a paper slip. Providers interested in the swipe card option can contact a third party vendor for details.

Electronic Data Interchange (EDI)

EDI is a way for providers to check eligibility on a larger scale than the previous options. Providers purchase third party, HIPAA compliant software used to send a 270 transaction with their search

criteria and receive a 271 response, which provides eligibility information. A 271 will give providers information on the different programs the member has as well as any TPL or Medicare information.

Chapter 5
Web/RAS

INTRODUCTION

The OHCA secure site is one of the most exciting features of the Oklahoma Medicaid Management Information System (MMIS). The efficiency and convenience of the Internet remote access server (RAS) gives all Oklahoma SoonerCare providers fast access to member and provider specific information. Any SoonerCare provider can access the Web/RAS with its Provider ID and an OHCA-generated personal identification number (PIN). Once the provider has established a free account, they can create new clerks and grant each clerk role-specific access. The Web/RAS is always available.

IMPORTANT WEB SITE NOTES:

- User names and passwords are case sensitive.
- All dates should be entered in MMDDYY format.
- Dollars and cents should be separated by a decimal.
- Line totals will not be calculated automatically; the user must multiply the units by the unit rate to ensure the correct total billed amount.
- Do not populate the TPL amount unless another payer has paid a specific amount toward the claim.
- Decimals should not be used when entering diagnosis codes.

SECTION A: ACCESSING THE SECURE WEB SITE

The secure Web site can be reached through the public Internet. All that is required are

- Microsoft Internet Explorer browser version 6.0 or higher
- 128 bit encryption; and
- customized security settings to access information across domains.

Windows 98 users will need Microsoft updates. For more information on required updates, please contact EDS Internet Help Desk.

GETTING TO THE SECURE WEB SITE

1. Go to www.okhca.org.
2. Under the Provider header in the center of the screen (see Screen Sample 5.1), click on the "Secure Site" link to get to the OHCA secure site.

Screen Sample 5.1

NOTE: *On the OHCA Web site, providers have complete access to all the latest Oklahoma Medicaid related information and updates.*

LOG ON PAGE

The Log On page serves as the access point for all Internet users. Users will begin account initialization and log on from this page, once accounts are established.

Screen Sample 5.2

ACCOUNT INITIALIZATION

A user will go through an initialization process the first time they log on to the secure site (see Screen Sample 5.2). This will differ depending on the security level of the user.

LOGGING ON

1. Enter the secret ID specific to your role:

Providers - Under 'First Time Here,' enter the Provider ID number in the Log On ID field. This does not include the service location alpha character. (i.e. 123456789).

Billing Agents – Under 'First Time Here' enter the submitter ID given to you by EDI in the Log On ID field.

Clerks – Under 'Already a Member' enter the name generated by your provider or billing agent. Enter the password in the Password field and skip Step 2.

2. Enter the 9-character PIN in the PIN field.
3. Click the Log On button at the bottom of the page.
4. After clicking logon a popup window will appear called the OHCA usage security agreement statement. There will be I Agree and I Disagree options at the bottom. Clicking I Agree will take you to the Account Maintenance Screen. Clicking I Disagree will bring you back to the logon page.

NOTE: *This statement will not appear if a popup blocker is on. It will go to the account maintenance screen, which will ask you to save. All popup blockers must be turned off in order to see the popup screen with the Save button.*

4. Enter a user name in the User Name field. The user name must start with a letter of the alphabet and be six to 12 characters.
5. Enter a password in the New Password field. The password must begin with a letter of the alphabet, be six to eight characters and contain no fewer than two numeric characters.
6. Confirm the password by retyping it into the Confirm Password field.
7. Enter a contact name in the Contact Name field. Providers need to enter the clerk's full name.
   Clerks are not authorized to do this.
8. Enter an e-mail address in the E-mail field.
9. Enter phone number in the Phone Number field.
10. Enter two self-authentication questions and answers.
    Clerks only.
11. Click on the Submit button.

If all data was entered correctly, a box will pop up telling you that your data have been successfully saved.

12. Click the OK button.
13. Click on the Save button.
14. Click the Log Out button.

After setting up your user name and password, future login attempts are done at 'Already a member?' by entering the user name in the User Name field and entering the password in the Password field.

TYPES OF WEB USERS

Level 1 (Providers)
Providers will receive a letter by mail containing the provider's access PIN. This PIN, used in conjunction with the Provider ID, will grant the provider initial access to the secure Web site. Only providers with an active SoonerCare contract will receive a PIN letter. Separate PIN letters will be mailed to each location. It is recommended that providers initialize their account and immediately create Level 2 users (clerks) that will be used to operate the Internet application on a daily basis. Operating daily under the Level 1 (Provider) master user poses certain security risks and should only be used when managing the account.

Level 1A (Billing Agents)
Billing agents are given log-on credentials directly from the OHCA. When the users initialize their accounts, they will be forced to establish a password and contact information.

Level 2 (Clerks)
The provider or billing agent that created the clerk will give clerks log-on credentials. Users will be required to establish a password, contact information, and self-authentication questions and answers upon initializing their accounts.

Drug Manufacturers
Drug manufacturers must request online access. A PIN letter will be mailed to the requesting company once the user requests access and the request is approved. Users will establish a password, contact information, and self-authentication questions and answers upon initializing their accounts.

Other
Other users include: The Oklahoma Department of Human Services (OKDHS) and any other agency that intends to access the secure Web site via the public Internet. Internet users of this type will be created by the OHCA administration, and credentials will be given to them. Users will establish a password, contact information and self-authentication questions and answers when initializing their accounts.

FORGOT PASSWORD

Users who forget their passwords may still gain access to the secure Web site through the self-authentication process. The self-authentication process requires the user to change his or her password.

Users Who Forget
Users who forget their password must provide his or her PIN and Provider ID. Valid data will take users to the account maintenance page where they will create a new password. They will go to the secure Web site after the new password is set.

Billing Agents or Clerks That Forget
Billing agents or clerks that forget their passwords can click on the Tab, "Forgot Password?" and answer the two secret questions they set up the first time they logged on. They are then taken to their account maintenance screen to change their password.

SECTION B: WEB FEATURES

The OHCA secure site has many features to help providers with everything related to Medicaid billing. This section will cover several OHCA secure site features.

GLOBAL MESSAGES

This is the first page the user will see after logging on. It will have global messages from the OHCA that can be directed to an individual provider, a specific provider type, or to the entire provider community.

After reading each message, click on the Read box. This will move the message to the Mailbox for future reference until it expires.

After reading all messages, click on the Next button.

MAIN PAGE

The Main page is the user's home page. The Main page shows the User ID and the taxonomy number, provides information about the direction of remittance advices and contains shortcut links to all areas of the Web site.

Drug Manufacturer Main
This Main page is **only available to drug manufacturer users**. It contains a brief description of the features available to drug manufacturers, a phone number to call for questions and a link to the download page.

Switch Provider
The Switch Provider page is **only available to clerks and billing agents**. This feature allows the user to select the provider he or she wishes to access. The provider must grant access to the billing agent or other user through the Account Maintenance page before this functionality is available. To switch to a different provider, click the hyperlink of the desired provider ID found on the Main page. The "Next" button will take the user back to the Main page.

CLAIMS PAGE

The Claims Page facilitates the communication of claim data between the OHCA and the provider community.

Providers without access to HIPAA compliant Practice Management software, a clearinghouse or a virtual access network (VAN) still have the ability to submit claims electronically. Direct data entry (DDE) enables the provider to submit individual claim information electronically to OHCA/EDS without the constraints of having to submit the data in HIPAA compliant format. DDE claim pages are available on the OHCA secure Web site for all claim types (i.e. professional, institutional, dental and pharmacy).

These pages contain separate box/fields where claim data must be populated. As with paper claim forms, box/field population requirements depend on the billing situation. However, if a provider attempts to submit a claim via the DDE page and has not populated all required fields, the system will prompt a pop-up box stating which required fields are unpopulated.

Direct Data Entry processes can only be performed one claim at a time.

Claim Inquiry

Users may inquire about claims already submitted to the OHCA/EDS using client ID, patient account number, internal control number (ICN), status, dates of service and warrant dates. A results box from the search will appear below the search criteria in the form of a summary list. Twenty results will appear at a time with navigation links below the box to view the next or previous list of results from the query. Each summary result item is hyperlinked to the claim detail page in the ICN and hyperlinked to the Client Eligibility page in the Client ID.

Performing a Claim Inquiry:

1. Click on the Claim Inquiry link, or move mouse pointer over the Claims tab, highlight Claim Inquiry and click on it.
2. If known, the client ID number can be entered in the Client ID field.
3. The Claim Status field can be set to, 'Any Status,' 'Denied,' 'Paid,' 'Suspended,' or 'Resubmit'.
4. If the patient account number is known, it can be entered into the Patient Acct. # field.
5. Choose a date type by selecting either the 'Date of Service' or 'Warrant Date' Date Type radio buttons.
6. If known, the ICN can be entered in the ICN field.
7. The from date of service can be entered into the From Date field, and the thru date of service can be entered into the Thru Date field.
8. Click on the Search button.

Claim Submission

Providers need to confirm that they are logged in under the correct provider number location before starting claim submission.

Institutional Claim Submission From this page, users may submit, resubmit, adjust and void institutional claims. Claims are sent as HIPAA compliant .xml format. The page includes field edits for data format and required fields. Claim adjudication response is immediate and EOBs display in real time below the claim form in the claim status box.	***Professional Claim Submission*** From this page users may submit, resubmit, adjust, and void professional claims. Claims are sent as HIPAA compliant .xml format. The page includes field edits for data format and required fields. Claim adjudication response is immediate and EOBs display real time below the claim form in the claim status box.
Dental Claim Submission From this page, users may submit, resubmit, adjust and void dental claims. Claims are sent as HIPAA compliant .xml format. The page includes field edits for data format and required fields. Claim adjudication response is immediate and EOBs display in real time below the claim form in the claim status box.	***Pharmacy Claim Submission*** From this page, users may submit, resubmit, adjust and void pharmacy claims. Claims are sent as HIPAA compliant .xml format. The page includes field edits for data format and required fields. Claim adjudication response is immediate and EOBs display in real time below the claim form in the claim status box.

Resubmit Claim-Denied Claims Only

1. Pull up 'Denied' claims (from the Claim Status field), along with any other search criteria.
2. Click on the ICN link of the claim that needs correction.
3. Change the information in the field containing the incorrect data and click on the Re-Submit button.

Void Claim-Paid Claims Only

1. Pull up 'Paid' claims (from the Claim Status field), and any other search criteria.
2. Click on the ICN link of the claim that needs to be voided.
3. Click on the Void button. This will create an account receivable for the amount previously paid, which will be deducted from a future warrant.

Copy Claim-Paid Claims Only

1. Pull up 'Paid' claims (from the Claim Status field), along with any other search criteria.
2. Click on the ICN link of the claim that needs to be copied.
3. Click on the Copy Claim button. Make any changes to Client ID number, procedure codes, date of service or any other fields you need changed to make a new claim.
4. Click the Resubmit button.

ELIGIBILITY PAGE

The purpose of the Eligibility page is to verify eligibility of SoonerCare members. To run a query, a valid client ID, Social Security number and date of birth, name or case number lookup are needed. This must be combined with the "from" and "to" dates of service. Resulting data will appear below the search criteria. Calendar buttons next to the dates of service fields will activate a calendar pop-up feature to aid date selection.

Pricing Page

The Pricing page allows users to inquire on pricing information for procedures and drugs through the Internet. Selecting the radio button for Procedure or Drug will change the available options for searching. A drop-down menu is available for the user to select the associated benefit package and all resulting data will be based on that selection. The search results summary will appear in a list below the criteria. This summary will be hyperlinked to a detail page.

Procedure Pricing

The detail page for procedure pricing will display all vital procedural components. A field will only appear if data are present for that procedure. Displayed data may include

- procedure code;
- allowed amount;
- PA requirement;
- maximum units;
- gender requirement;
- attachment requirement;
- lifetime limitation;
- diagnosis; restriction; or
- specialty restriction.

Drug Pricing

The detail page for drug pricing will display all vital data regarding the drug. A field will only appear if data are present for that drug. Data displayed are

- NDC Code;
- EAC;
- MAC;
- PA Requirement;
- maximum units;
- maximum days supply;
- age restriction;
- gender requirement.
- measurement unit for pharmacy claims; and
- measurement unit for non-phamacy claims.

PRIOR AUTHORIZATION PAGE

The prior authorization (PA) windows allow the user to submit new PA requests, to inquire about pending prior authorization requests and to inquire/copy notices.

Prior Authorization Submission

The PA Submission page allows users to request a prior authorization.

The header section requests information about the patient and provider. Enter appropriate information in boxes. Below the header section is a large summary box that alternates between line items, notes and attachments, depending on the user selection to the left of the summary box. Line item boxes are used to enter procedure-code-related details. The Attachments box is used to enter ACNs to facilitate matching with attachments sent to the OHCA. The Notes box is used as a free form text box for additional information from the provider to OHCA prior auth analysts.

The next section consists of detail boxes. The user enters the appropriate information in the detail boxes and clicks the Add button to move the information to the summary box, which clears the detail box or boxes for additional entries. When complete, click the Submit button.

If required information is missing, the user will be prompted to enter that information and click the Submit button again.

Prior Authorization Inquiry

1. Click on the Prior Authorization link, then click on the Status Inquiry link or move the mouse pointer over the Prior Auth tab, and highlight and click on Inquiry.
2. If you have the PA number, enter it in the PA Number field.
3. If you don't have the PA number, you may search for it by entering the client ID number in the Client ID field and enter the assignment code in the Assignment Code field by clicking on the down arrow, highlighting the appropriate choice and clicking on it.
4. You can also search by entering a drug code in the NDC field and/or by entering a date in the Start Date field by typing it in or by clicking on the down arrow to pull up a calendar.
5. Click on the Search button.

A start date can be added to increase the filter. Search results are displayed in a list box of 20 results at a time. If more results exist, they may be viewed by using the Prev. and Next links below the list box. Selecting a result summary line will open the PA detail window.

Prior Authorization Summary

The PA Summary page appears when a user searches a PA using the PA Inquiry page. The header section outlines information about the patient and provider. Below the header section is a section that alternates between line items and notes, depending on the user's selection to the left of the summary box.

Line item boxes are used to review procedure-code-related details and status. The Reason Code section and I.A.C. section also relates to each line item highlighted in the Line Item summary box.

The Notes box is used to review notes entered to an OHCA PA analyst.

Prior Authorization Notices
Go to the Prior Authorization drop-down menu, click on the Notice link and search by one of the following:

- Client ID or member name to access recent PA notices submitted under your provider number for that member.
- PA Number of a specific PA. This will bring up only the notices related to that number.
- Click the Search button and you may view all the PA notices under your provider number.
- Click on Count Summary to access the Notice image number. This will bring up the PA notice letter, which can be printed.

On each column, the provider can click on the up or down arrow that will allow them to sort ascending or descending order.

Additional tidbits for successful use

- When searching by either a specific PA number, client ID, or member name the Date Span fields are auto populated with a 60-day span. The From date counts back 60 days from the Through date. The Through date is the day the research is being conducted.
- The Web program holds a 60-day rolling submission history. For example, if the PA request was entered into the system on 01/01/06, it will be available for online viewing until 03/02/06.
- When logged on to a Group Provider number, the system will bring up PA information for every provider in that group.

On the Main page of the secure Web site, a message has been added that will tell you the number of unread PA notices under this provider log on.

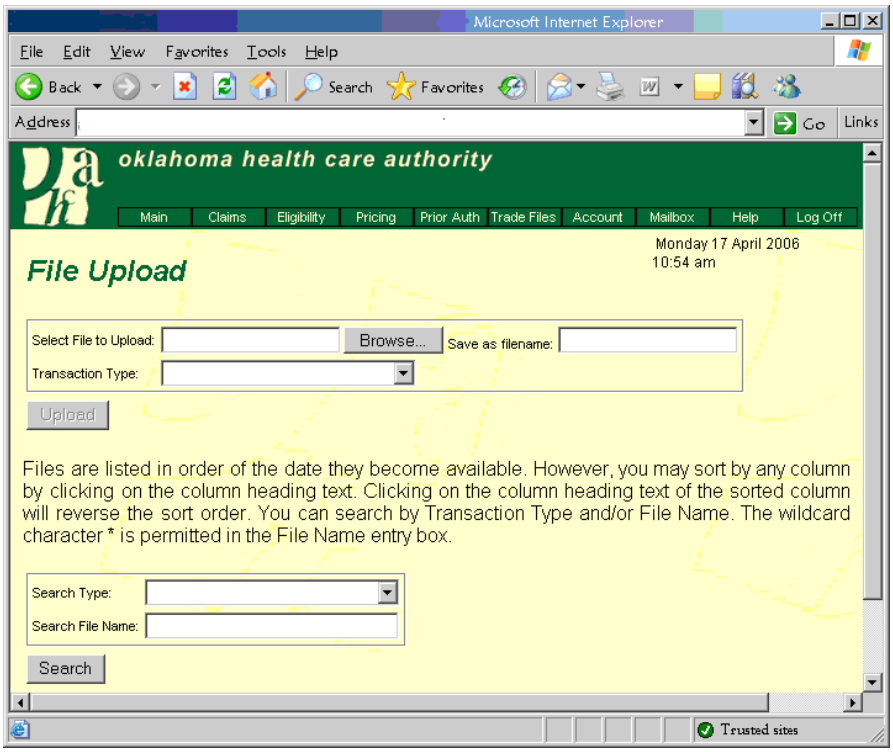
TRADE FILES PAGE (BATCH SUBMISSION)

Trade Files pages are available to providers to facilitate file transfers between the provider community, drug manufacturers, other involved agencies, and the OHCA.

File Upload
The File Upload page allows the user to select a file from a local hard drive and upload it to the OHCA. Users of this feature include

providers that wish to upload batch claim submissions and managed care providers that wish to upload PCP information. Batch upload is an Internet submission option that is available to providers who wish to submit large claim batches or inquiries. To use the Batch Upload option, providers must use HIPAA compliant software or clearinghouse/VANs that can submit required data in HIPAA compliant ANSI X12 Addenda format. Once the provider has ensured the batch claim data have been converted into the corresponding HIPAA compliant format and have successfully completed authorization testing with the EDS-EDI team, they then have the ability to upload an entire batch file/transaction into the Oklahoma Medicaid Management Information System (OKMMIS).

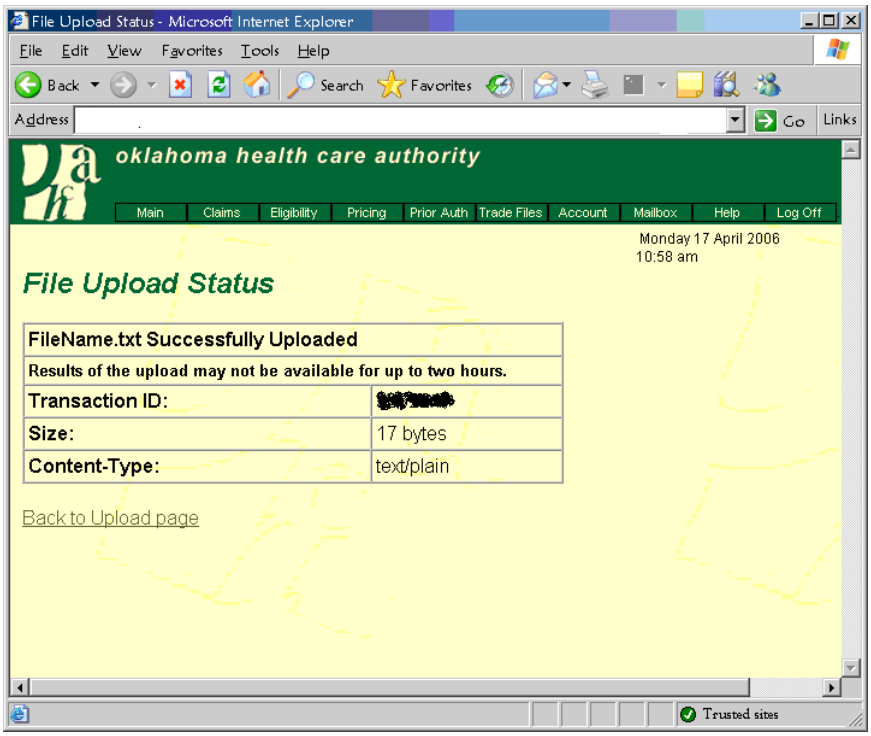
If users wish to upload a batch, they must go to the Trade Files page. Pointing at the Trade Files option and clicking on the Upload feature will take them to the Upload page (Screen Sample 5.3).



Screen Sample 5.3

From this page, the user will need to click on the Browse button to locate the file they wish to upload. The user then has the ability to change the file name in the Save as Filename box. Next, click on the drop-down arrow next to the Transaction Type box and pick the appropriate type that corresponds with their transaction. Once all information is complete, the user clicks on the Upload button.

When the file uploads, the user will see the page stating the upload was successful and the Transaction ID assigned to it (Screen Sample 5.4).



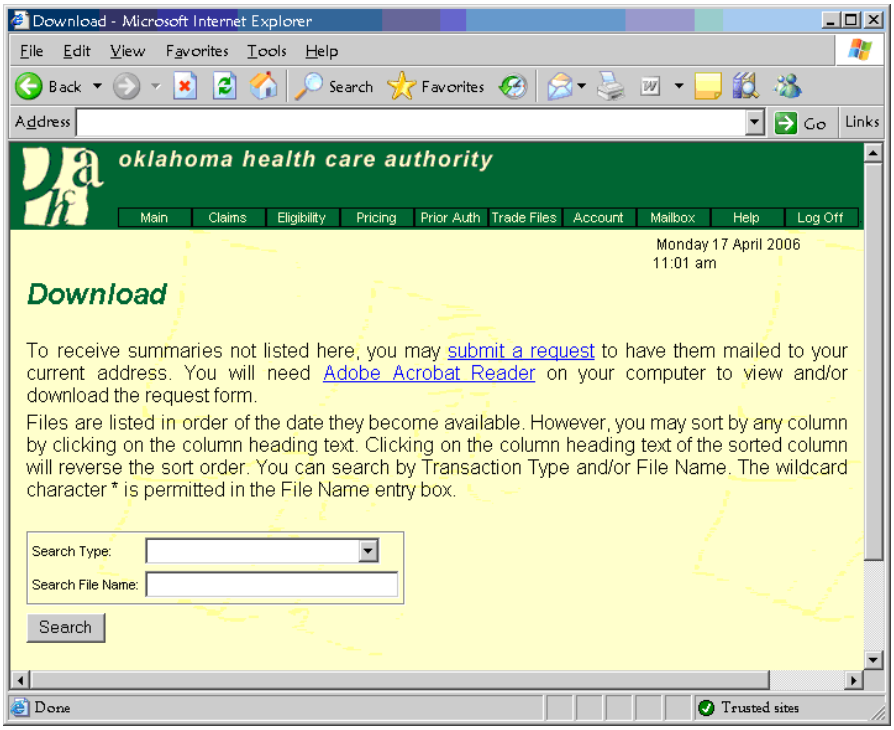
Screen Sample 5.4

The Upload process is now complete for the user. This process must be repeated for all files uploaded via the Web/RAS.

File Download

The File Download page allows the user to select a file from the provider secured Internet site and download it to their system. The available files will be listed as hyperlinked file names. The download process begins when the link is clicked. A compressed or "zipped" file will download to the user's system. Compression software is required to open the file. Users of this feature include providers that wish to download batch claims or response files, drug manufacturers that wish to download their invoices and managed care providers that wish to download managed care roster information.

To download a file (i.e., an 835 Remittance Advice), click on the Download feature. The Download page will open. All files that were created for the specific user/provider will be found on this page (Screen Sample 5.5).



Screen Sample 5.5

To download one of the listed files, click on the file name. It will either begin to download or a dialog box will open, depending on your browser settings. Download the file according to your usual protocol. The file will automatically download with the default name of "getfile.zip" or "getfile.z," depending again on your browser.

NOTE: *If you are downloading multiple files, you will want to extract the file and rename it before downloading another file to avoid replacing the original "getfile" with your new "getfile."*

ACCOUNT MAINTENANCE PAGE

The Account Maintenance page is the first page that users will see when they initialize an account. This page is designed to establish the security credentials for users and clerks, and allows users to update and maintain user account data.

Level I (Provider)

After users access the Web site for the first time and initialize their account, they are brought to this page. Here users will establish their user names, passwords, contact names and phone numbers. The e-mail field is optional. The security level, status and last logged on dates are maintained by the application and are not updateable by Level I users.

Billing Agent or Clerk

Adding a billing agent or clerk is done by clicking the Create New Clerk button. A separate box will appear where the new clerk's information will be entered.

1. In the User Name field, create a generic name (i.e. CLK12345).
2. In the Contact Name field, enter a valid contact name.
3. In the Password field, enter a generic password (i.e. CLK12345).
   NOTE: *The clerk must replace the generic user name and password with desired selections when they logon the first time.*
4. To add all roles, click on the Add All Roles button and skip to Step 7.
5. To add only specific roles, select the role(s) from the list on the right of the screen. To select more than one role, hold the CTRL key while selecting roles.
6. Click on the Grant Role button after selecting the desired role(s). The selected roles appear in the list on the left.
7. To delete a role from the list, highlight the role in the list on the left and click the Cancel Role button. Select the Cancel button to abort the clerk creation process.
8. Click on the Create Clerk button and then the Save button to complete the assignment.

Granting Access to Other Providers of Existing Billing Agent or Clerk

After a clerk or agent is created, he or she will automatically have access to the provider account under which he or she was created. In order for the clerk or agent to access other providers' accounts, access must be granted.

1. Go to the account maintenance section by selecting the Account tab at the top of the page.
2. Key the user name of the clerk or agent to be granted access in the User Name field within the Provider Associations area.
3. To designate the user to receive RAs, rosters, and/or capitation summaries, place a check in the appropriate box(es).
4. Click on the Grant Access To button.
   a. Click on the Edit Clerk Roles button to add roles for the existing clerk.
   b. To add all roles, press the Add All Roles button.
5. To add only specific roles, select the role(s) from the list on the right of the screen (to select more than one role, hold the CTRL key while selecting roles). Click on the Grant Role button.

6. Click on the Update Clerk button when all selections are made.
7. Click the Save button when back on the Account page.

NOTE: *This process must be followed for each provider account to which the clerk or agent needs access.*

Revoking Billing Agent or Clerk Access

When a billing agent or clerk no longer needs access to your provider account, you must revoke his or her account privileges.

1. Log in as the provider and click on the Account tab at the top.
2. Highlight the user name from the list in the box and click on the Revoke Permissions button.
3. A box will appear asking if this clerk should be revoked access to the account. Select the OK button to complete the process or select Cancel to deny the revocation.
4. After selecting OK, click the Save button.

Level IA (Billing Agent)

The Account Maintenance page for Level IA users operates the same as the above Level I in all aspects, except that the Level IA user will be forced to establish self-authentication questions and answers when the account is initialized. These questions and answers may be updated at any time.

Level II (Clerk)

The Account Maintenance page for Level II users operates the same as the above Level IA in all aspects – except that the Level II user does not have the ability to create, grant access to, or revoke permissions of other Level II users.

MAILBOX PAGE

The Mailbox page contains messages from the OHCA directed specifically to certain groups, such as specialties. After successfully accessing the secure Web site, the Mailbox page displays first. The Mailbox will always display any active messages not checked as read. Next to each message is a Read check box. When this is selected, the message will no longer appear at log on. However, the message will still be available by clicking the Mailbox link from the menu and remains in the Mailbox until it expires. The administrator who sends the message determines the expiration date. Below the messages is the Next button. Selecting this button will take the user to the Main page.

HELP PAGE

The Help pages for the secure Web site are dynamic in that the help text that displays is unique to the page that the user is viewing. Help pages also include a button titled, Ask Tech

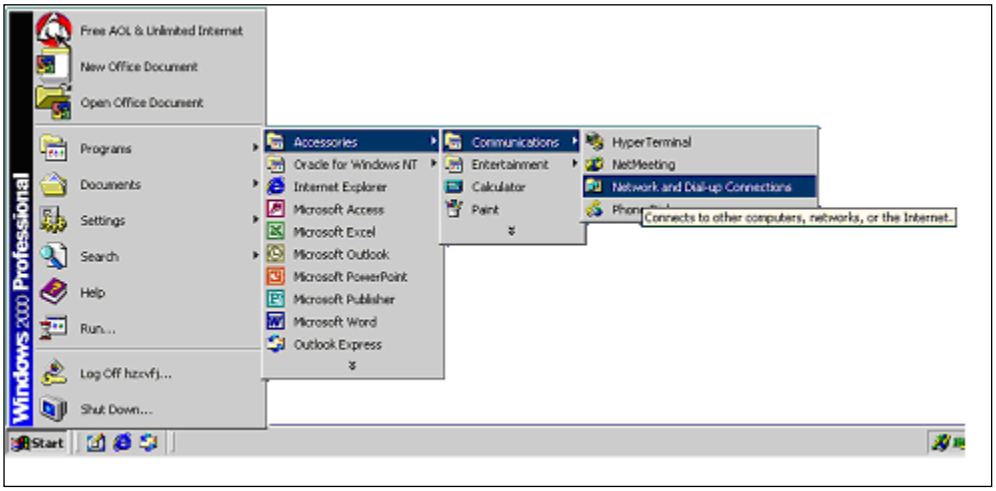
Support. This button opens a page that has a text box for asking a question. When you click Send on this page, the text you typed and the .xml file from the Web page you are viewing is sent to a call support specialist for review.

LOG OFF PAGE

Clicking the Log Off Tab ends your current session on the secure site and directs you to the Log Off page. The Log Off page displays the non-secure menu options. Clicking the Log Back On button will take you to the Log On page.

SECTION C: REMOTE ACCESS SERVER (RAS)

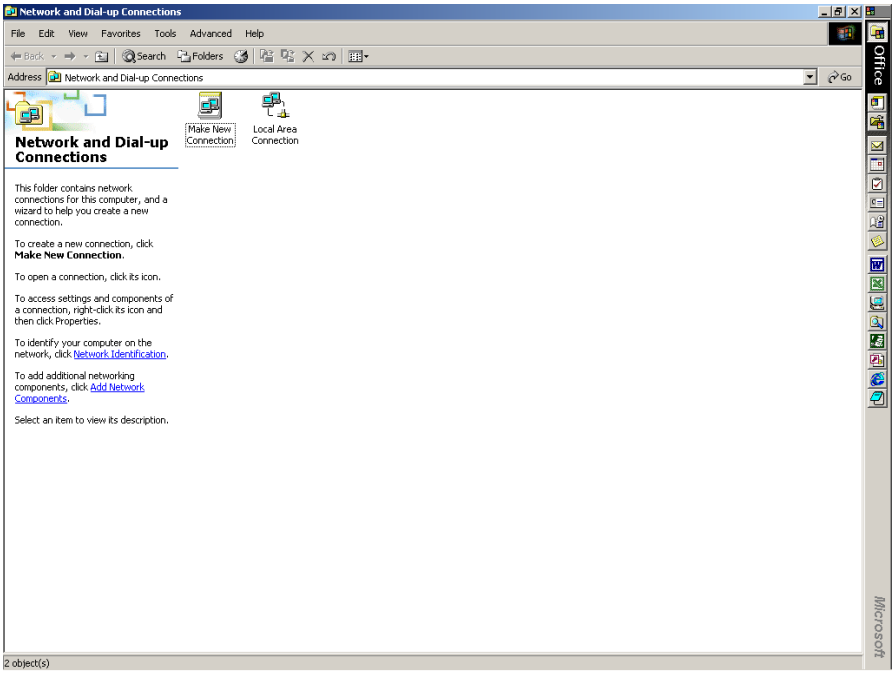
you may use the Remote Access Server (RAS) to submit claims through an existing dial-up connection. The RAS lets providers use all options of OHCA's secure Web site without an Internet service provider. Basic requirements to log on the RAS are an analog phone line, a modem and Internet Explorer 5.0 (or higher).



Screen Sample 5.6

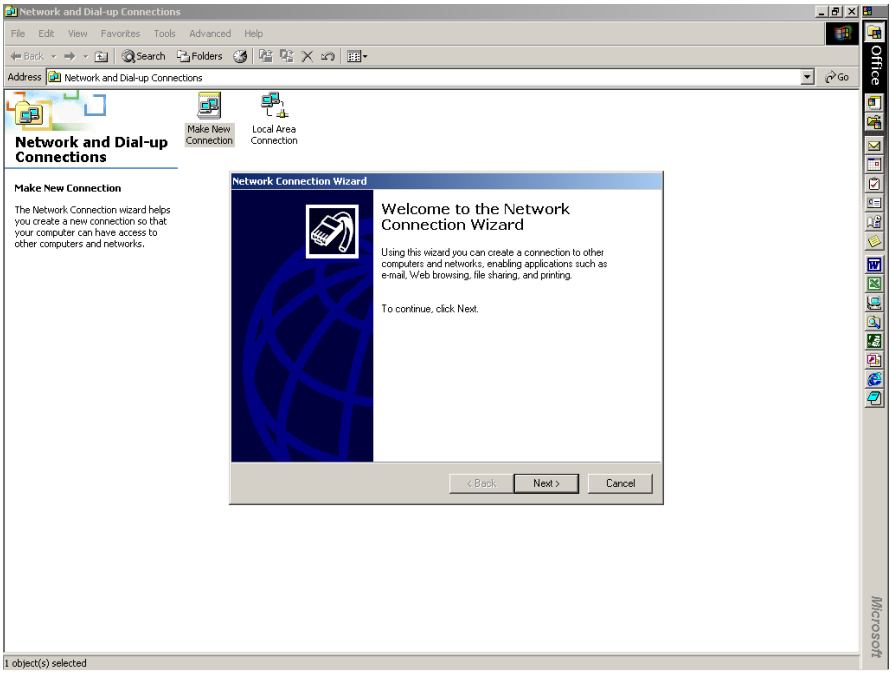
The first step in accessing the RAS is to create a new connection for the Oklahoma Medicaid Remote Access Server (see Screen Sample 5.6). To prompt the Network Connection Wizard

1. click on the **Start** button on the main toolbar;
2. drag mouse up to Programs;
3. drag mouse over to Accessories;
4. drag mouse over to Communications; and
5. drag mouse over to Network and Dial-up Connections and click on it.



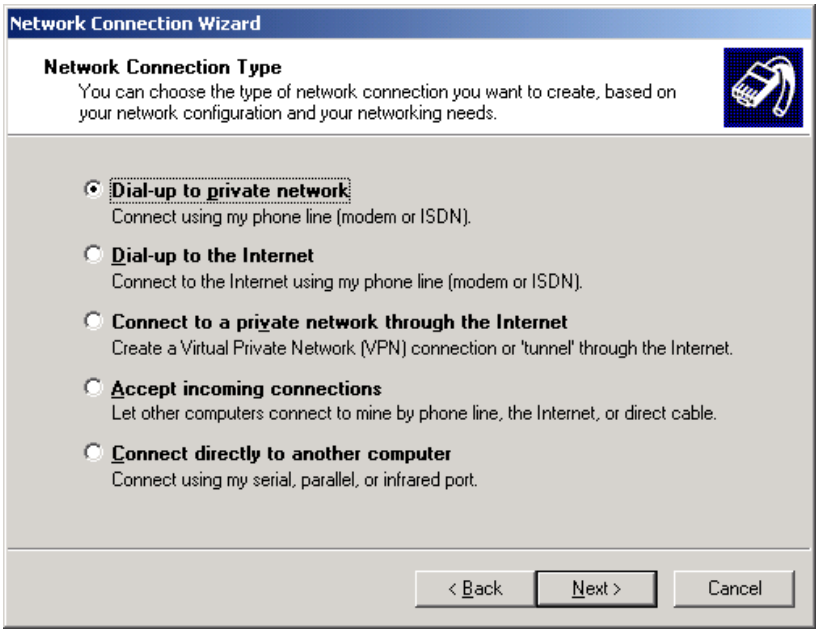
Screen Sample 5.7

Once you have the Folder opened for Network and Dial-up Connections (see Screen Sample 5.7), click on the "Make New Connection" icon to start the Network Connection Wizard.



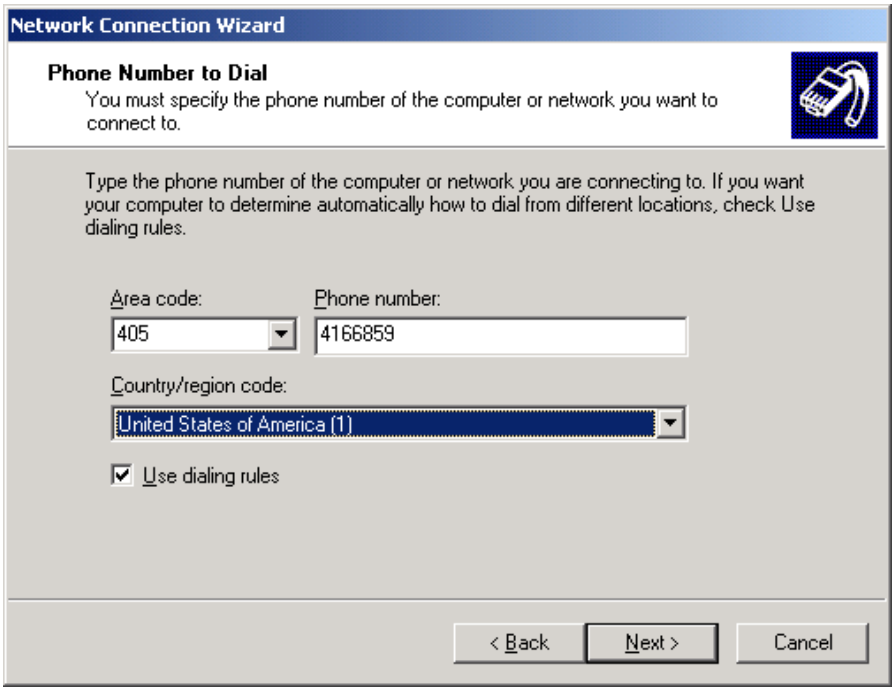
Screen Sample 5.8

Once the Network Connection Wizard has started (see Screen Sample 5.8), this box appears and guides the user through the network creation process. The first step in the setup process is to click Next.



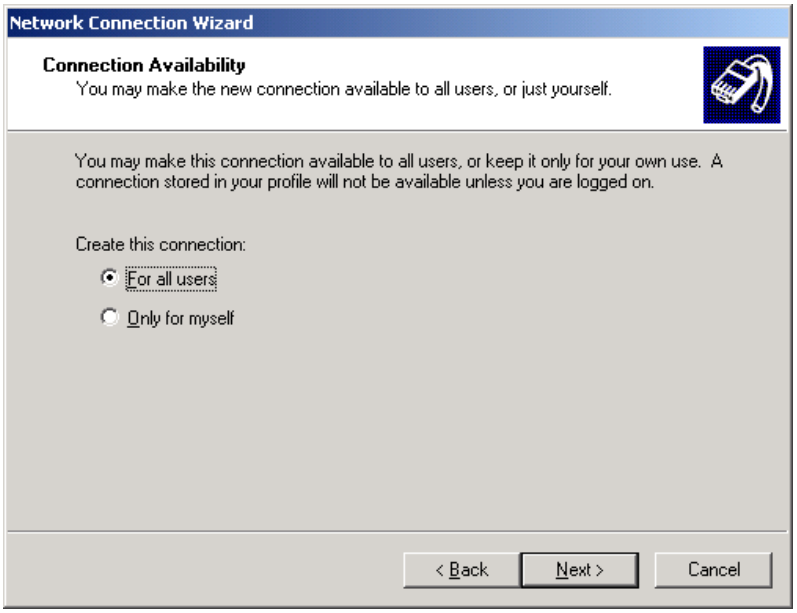
Screen Sample 5.9

In the “Network Connection Type” box, (see Screen Sample 5.9) click on the “Dial-up to private network” option and then click Next.



Screen Sample 5.10

The "Phone Number to Dial" box (see Screen Sample 5.10) prompts the user to type in the actual phone number they will be using for the new connection. The phone number to type in this box is Area Code**:** 405, Phone number: 4166859 (Do not include any dashes in the phone number). Then select "United States of America [1] for the Country/Region code selection and put a check in the "Use dialing rules" checkbox. Click the Next button.



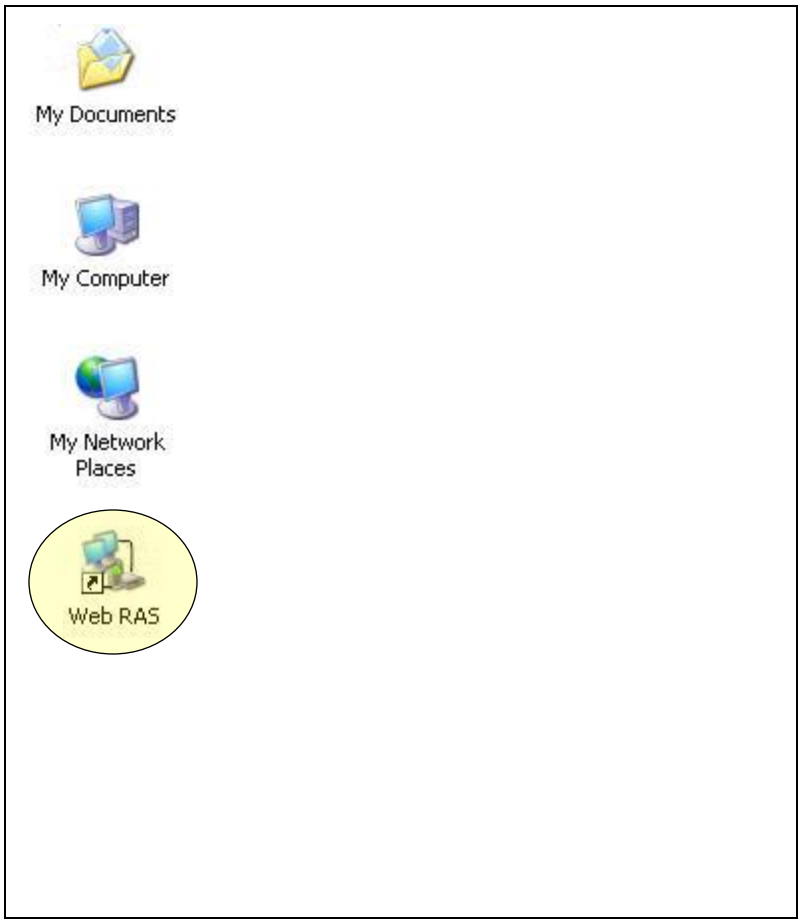
Screen Sample 5.11

Select For all users on the "Connection Availability" section (see Screen Sample 5.11) of the Network Connection Wizard. This option allows all users on this computer to have access to the RAS. Click the Next button.

Screen Sample 5.12

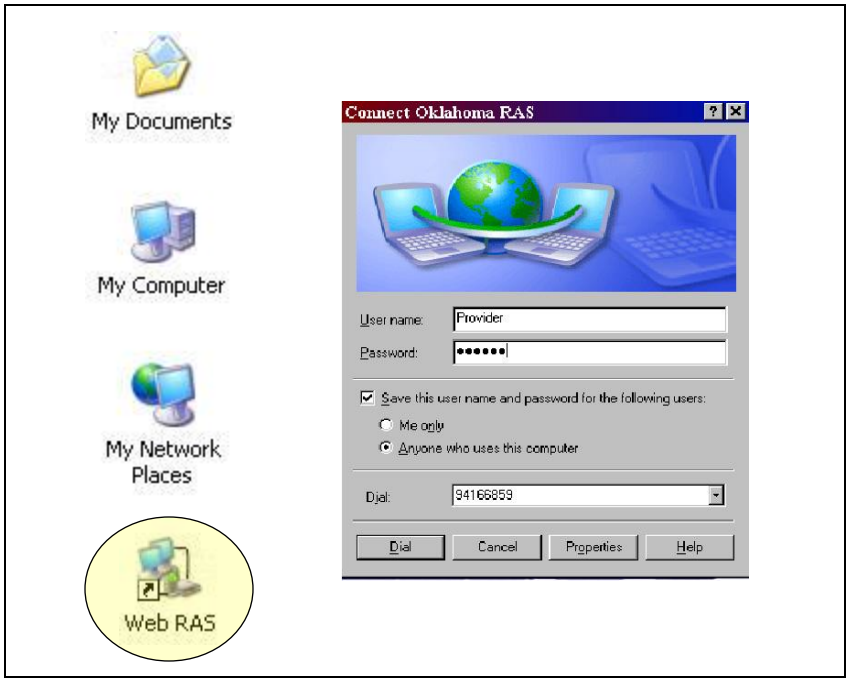
Finally, assign a name to use for the connection (see Screen Sample 5.12). After typing the new connection name in the specified box, click on the "Add a shortcut to my desktop" check box. This option will create an icon on your computer desktop. This enables you to click on the icon whenever you wish to log on to the RAS. After clicking on the Finish button, all the information needed to access the RAS is saved and stored on your computer.

ACCESSING THE RAS



Screen Sample 5.13

To access the RAS, double click on the shortcut icon found on the desktop (this icon was created when establishing the RAS Connection Setting through the Setup Wizard) (see Screen Sample 5.13). This launches the Connection Box prompt for the RAS.



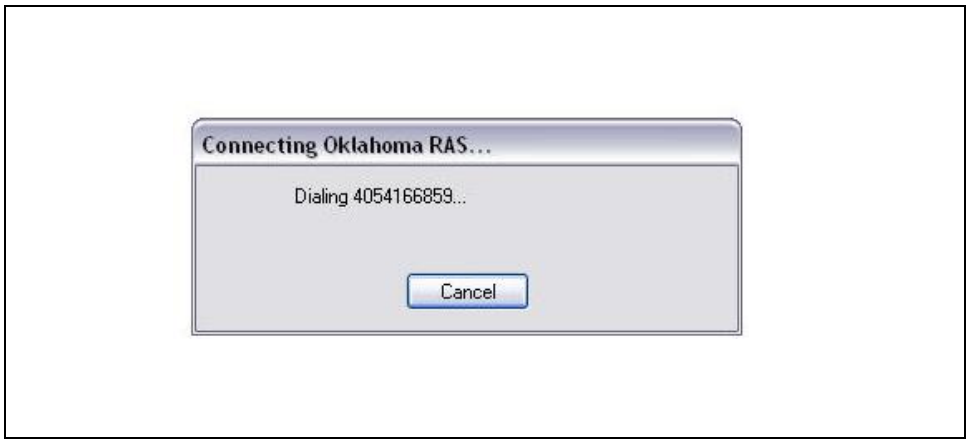
Screen Sample 5.14

In the Connection Box prompt (see Screen Sample 5.14), type in the user name and password. All providers accessing the RAS will use the same default user name and password:

Username: Provider
Password: eds123

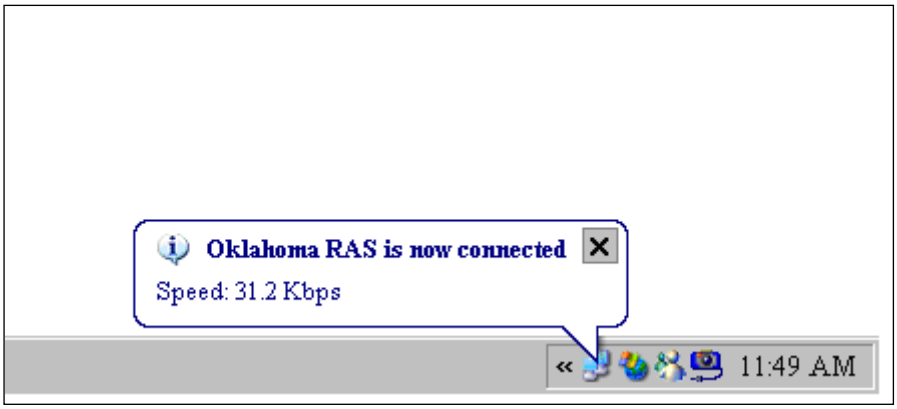
After typing the user name and password, check the dial-up number to ensure that your computer will dial the correct number. The RAS dial-up phone number is 405-416-6859

Once the dial-up number is validated, click on the Dial button. This will prompt the computer to attempt connection to the RAS (see Screen Sample 5.15).



Screen Sample 5.15

After connecting and username and password authentication is complete, you will see a prompt in the lower right corner of your desktop verifying the connection (see Screen Sample 5.16).



Screen Sample 5.16

After connecting to the RAS, open a Web browser and type https://192.168.100.163/Oklahoma/Security/logon.xhtml into the browser bar.

Chapter 6

Claim Completion

INTRODUCTION

The following information is intended to provide procedures for submitting claims to the OHCA. For information on what services are covered by the Oklahoma SoonerCare program, please access the agency rules. Rules can be found at www.okhca.org. There are three methods for submitting claims to the OHCA: paper, direct data entry (DDE) via Medicaid on the Web and through 837 batch transactions. Below is a paper-to-electronic conversion table for the different claim-submission types. Please refer to the EDI chapter of this manual for instructions on completing the HIPAA transaction types.

Paper	DDE	HIPAA Transactions
1500	Professional	837P
UB 04	Institutional	837I
ADA 2006	Dental	837D
Pharmacy Drug Claim Form	Pharmacy	NCPDP, version 5.1
Compound Prescription Drug Claim Form	Pharmacy	NCPDP, version 5.1

SECTION A: PAPER CLAIM RECOMMENDATIONS

Claim forms are prepared as follows:

1. Enter complete information with a typewriter, personal computer or ballpoint pen (blue or black ink). Do not use red ink.
2. Provide all required information for every claim line. Do not use ditto marks or the words “same as above.”
3. Verify the accuracy of all information before submitting the claim.
4. Follow the instructions for preparing paper claim forms in this chapter.
5. 1500, UB 04, Drug/Compound and ADA 2006 claim forms are scanned into the OKMMIS. Paper claim forms should be submitted on the original red forms to facilitate the scanning process. This applies to 1500 and UB 04 claim forms. If you submit a copy it must be legible.
6. Mail paper claims to the appropriate mailbox address listed in each claim section.
7. The attachments for a claim should be placed under the identified claim for processing. Do not place the attachment on top of the claim form or it will be associated to previously

processed claim. If the attachment is stapled to the claim, place one staple in the upper left corner.

ORDERING PAPER CLAIM FORMS

UB-04, 1500, and ADA 2006 (dental) claim forms can be ordered from a standard form supply company. HP does not distribute supplies of these forms. Drug and Compound prescription claim forms can be downloaded from the OHCA Web site, ordered by contacting the OHCA Call Center or by writing a request to:

SECTION F: ELECTRONIC CLAIM FILING ATTACHMENT FILING

Proper filing of attachments to electronic claims is essential to the successful payment of submitted claims with attachments. An important part of the filing process is accurate entry of provider, member, and ACNs on the electronic claim form and the HCA-13 cover sheet. The instructions on how to complete the form are listed below, with an image of the DDE screen illustrated in Screen Sample 6.9.

Provider Number – Enter the 10-character Oklahoma SoonerCare provider ID number of the provider submitting the claim.

Recipient Number – Enter the member's 9- digit Oklahoma SoonerCare identification number.

Attachment Control Number– Enter the ACN that was listed on the DDE screen when the claim was submitted.

Once completed, fax the form to 405-947-3394 or mail to:

HP Enterprise Services
P.O. Box 18500
Oklahoma City, OK 73154

HELPFUL TIPS

Make sure the ACN on the form HCA-13 matches the ACN placed on the claim: The HCA-13 and the claim will match when done correctly. The same ACN goes into the Attachment Control Number field of the HCA-13 cover sheet that was entered in the Control Number field on the direct data entry screen (Medicaid on the Web) or the PWK segment of the 837 transactions.

Use the counter to distinguish claim submissions: If a claim needs to be submitted a second time, using a counter number added to the ACN will assist in the information being matched on the next submission. (for example: original ACN is 123456; second ACN for the same claim is 123456**01**) Please make sure that the claim and the HCA-13 have been updated with the correct counter.

Be sure to enter the correct provider number: Enter the billing/pay-to provider number; not the rendering or performing provider numbers, on the HCA 13.

Submit information legibly: Make sure your number is clear and legible on the HCA-13. Illegible information could delay or stop the attachment process. Alphabetical and numeric are the only characters that should be used in the ACN selection. Do not use dashes, spaces and special characters in the ACN.

Avoid using confidential member information as an ACN: Refrain from using the member's Social Security number, date of birth, or name as an ACN. These are easily identifiable or specific to the identification of the member, which is in direct violation of HIPAA. Account numbers can be used as long as they are facility/office specific.

SECTION G: MEDICARE-MEDICAID CROSSOVER INVOICE

The OHCA recently developed the Medicare-Medicaid Crossover Invoice form to be used when submitting paper crossover claims. Use this form as a supplement to the Medicare Explanation of Benefit (EOB) statement attachment previously required on paper cross-over claims. The new form was created due to multiple versions of the Medicare (EOB) statements being printed from the different software formats currently available. The information needed to be keyed from the Medicare EOB to process cross-over claims no longer appears in a standard format when printed. This means the needed information to be keyed appears differently and is marked with different headers on each printed electronic Medicare EOB, making cross-over claim processing challenging. The Medicare-Medicaid Crossover Invoice form will allow these claim types to be keyed faster and more accurately by removing interpretations.

Deductible - Enter the amount of the deductible for the total Medicare claim and the corresponding Medicare Remark Code(s). *Required, if applicable.*
Blood Deductible - Enter the amount of the indicated Blood Deductibles on the Medicare claim. *Required, if applicable.*
Total Allowed - Enter the total allowed amount for the entire Medicare claim and the corresponding Medicare Remark Code(s).
Medicare Remark Code - Enter Medicare Remark Code(s) that corresponds to entire claim.

Electronic Data Interchange

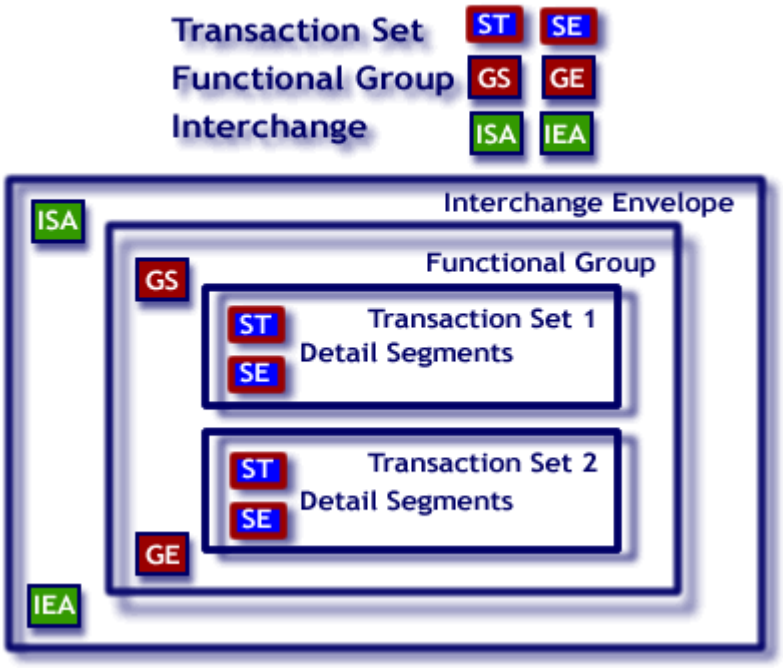
INTRODUCTION

Electronic Data Interchange (EDI) is the most efficient method of submitting and receiving large amounts of information within the Oklahoma Medicaid Management Information System (OKMMIS).

Some benefits of EDI include

- Improved accuracy;
- lowered operating costs;
- increased cash flow;
- shorter payment turnaround time;
- ability to check claims status electronically; and
- increased accounts receivable timeliness and functionality.

In addition, there is no charge to providers for EDI submission. EDI transactions are sent in "envelope" information structures as detailed below:



The first step to becoming an electronic claims submitter is to complete an EDI application form. The form is found on the OHCA Web site at www.okhca.org or by contacting the EDI Help Desk.

Providers may take advantage of the EDI process by using a billing agency, clearinghouse or VAN/third party vendor approved by the fiscal agent.

EDS promotes the use of electronic claims submissions through EDI. The EDI team is available to provide direction, answer questions and assist providers or billing agents with the submission of electronic transactions.

EDI RESOURCES

OKMMIS-specific companion guides and National Council of Prescription Drug Programs (NCPDP) payer sheets are available on the OHCA public Web site at: www.okhca.org

Implementation Guides are available from the Washington Publishing Company at www.wpc-edi.com

The EDI Help Desk can be reached by phone at 800-522-0114 or at 405-522-6205.

Written correspondence for the EDI Help Desk can be sent to:

SECTION A: PROFESSIONAL CLAIMS (837 PROFESSIONAL)

837 PROFESSIONAL TRANSACTION

The ASC X12N 837 Professional transaction is the electronic equivalent for the 1500 paper claim form.

Key Notes:

- No more than 50 service lines are allowed per claim.
- The REF segment (Bill-to Provider's Secondary ID #) in Loop 2010AA must be included and have the "1D" field qualifier and the provider's Medicaid ID #.
- The PAT segment, Loop 2000C and 2010CA, is no longer needed unless billing a claim for a newborn. All SoonerCare subscribers have their own SoonerCare ID number. When the subscriber and the patient are the same person, omit the PAT information in Loop 2000C and 2010CA.
- The SoonerCare numbers sent on all claims should follow this format:
  - Providers –100000000A (9 digits with 1 letter at the end, total of 10 characters).
  - Subscribers – 123456789 (9 digits, no letters).
- No more than 5,000 claims per transaction set are allowed.

SECTION B: INSTITUTIONAL CLAIMS (837 INSTITUTIONAL)

837 INSTITUTIONAL TRANSACTION

The ASC X12N 837 Institutional transaction is the electronic equivalent of the UB-92 paper claim form. All hospitals and institutional facilities must use the 837 Institutional transaction to bill electronically for services covered under the SoonerCare program.

Key Notes:

- The 837 Institutional transaction must be used for all inpatient claims.
- Providers must use their 10-digit Oklahoma Medicaid ID number as the billing/pay-to provider ID.
- Limit each transaction set to 5,000 claims.
- Limit each claim to a maximum of 50 service lines.
- For attending, operating and other physicians, please use either the physician's seven-digit prescriber number or the physician's 10-digit SoonerCare ID number as the secondary identifier in the appropriate REF segment.
- The physician's taxonomy code is not used for operating physicians or physicians classified as "other."
- Do not use revenue code 001 as a total for all service lines included on the claim.
- Unit rate is required if revenue code is 100-219 (SV02-06).

SECTION C: DENTAL CLAIM (837 DENTAL)

837 DENTAL TRANSACTION

The ASC X12 837 Dental transaction is the electronic equivalent of the ADA 2002 paper claim form.

Key Notes:

- No more than 50 service lines are allowed per claim.
- The REF segment (Bill-to Provider's secondary ID number) in Loop 2010AA must have the "1D" field qualifier and the provider's SoonerCare ID number.
- The PAT segment, Loop 2000C and 2010CA, is no longer needed unless billing a claim for a newborn. All SoonerCare subscribers except newborns have their own SoonerCare ID number. When the subscriber and the patient are the same person, omit the PAT information in Loop 2000C and 2010CA.

- The SoonerCare numbers to be sent on all claims should follow this format:
  - Providers –100000000A (9 digits with 1 letter at the end for a total of 10 characters)
  - Subscribers – 123456789 (9 digits, no letters)
- The tooth quadrant in field SV30401 must be listed.
- The TOO segment must be populated indicating tooth number and surface code.
- No more than 5,000 claims per transaction.

SECTION D: PHARMACY CLAIMS

PHARMACY CLAIMS

All interactive electronic pharmacy claims should be submitted using the NCPDP version 5.1 standard. All pharmacy claims submitted electronically in batch must be in NCPDP version 1.1 standard.

Key Notes:

- To obtain NCPDP payer sheets, go to http://www.okhca.org and click on the Provider link. Under Claims Tools, click on Electronic Data Interchange, scroll down the page and click on the HIPAA Companion Documents link under EDI Testing process.
- 3C version is no longer accepted.
- If a pharmacy is sending a compound claim, a '2' needs to be entered in field 406-D6 in the claim segment.
- If a '2' is entered in 406-D6, the compound details must be with the claim. Each NDC number must be listed.

To send test files, the pharmacy must check with their van/switch and have them send the test to the EDS test port.

SECTION E: CLAIM INQUIRIES/RESPONSES

276 CLAIM INQUIRY TRANSACTION (BATCH)

The 276 Transaction Set is used to transmit health care claim status request/response inquiries from health care providers, clearinghouses and other health care claims adjudication processors. The 276 Transaction Set can be used to make an inquiry about a claim or claims for specific SoonerCare members. It is mandatory under HIPAA that the Oklahoma MMIS is able to accept this transaction set to create health care claim status responses.

Key Notes:

- The 276 should be limited to 5,000 inquiries per transaction set (ST-SE envelope).

- In order to return valid claim data on the 277, all data in the 276 must match the data on the claim.
- The hierarchy of the search criteria in the EDI system is:
  - provider ID;
  - recipient ID;
  - recipient ID and Name must match;
  - ICN;
  - amount billed; and
  - date of service.

277 CLAIM INQUIRY RESPONSE TRANSACTION (BATCH)

The 277 Transaction Set is used to transmit health care claim status inquiry responses to any health care provider, clearinghouse or other health care claims adjudication processors that has submitted a 276 to the OKMMIS.

Key Note:
The 277 is used solely as a response to a 276 request. The 277-Unsolicited (version 3050) is not the same thing. Refer to Section H for more information on RAs and the 277-Unsolicited.

SECTION F: ELIGIBILITY INQUIRIES/RESPONSES

270 ELIGIBILITY INQUIRY TRANSACTION (BATCH)

The ASC X12N 270 Eligibility Inquiry Transaction set is used to transmit health care eligibility benefit inquiries from health care providers, clearinghouses and other health care adjudication processors.

Key Notes
Thirteen-Month Rule – The only time to get 13 months of retrospective eligibility is at the beginning of a month. Checking at the end of the month allows you to review the past 12 months in addition to the upcoming month. Eligibility is updated toward the end of the month.

Inquiry types
- Type of insurance plan.
- Type of service performed.
- Where the service is performed.
- Where the inquiry is initiated.
- Where the inquiry is sent.

When identifying a recipient/subscriber based on the information on a 270 request, the following combinations of data are valid:

- Recipient ID only.
- SSN and DOB.
- SSN and name.

- DOB and name.
- No more than 99 inquiries per ST – SE transaction set.

271 Eligibility Inquiry Transaction

The ASC X12N 271 Eligibility Response Transaction set is used to respond to health care eligibility benefit inquiries as the appropriate mechanism.

Key Notes

- The eligibility information returned is not a guarantee of claims payment.
- A value of '1' will be returned in the 271 response for a member with active coverage. This is indicated in loop 2110C - EB01.
- The '6' value will be returned solely on the inactive coverage basis. This is also indicated in loop 2110C - EB01.

Section G: Remittance Advice (RA)

835 Remittance Advice

The 835 Transaction Set will only be used to send an Explanation of Benefits (EOB) RA. For SoonerCare, payment is separate from the EOB RA and will therefore not be affected by changes to how the provider receives payment – via paper or electronically. The 835 transaction will be available to the OHCA providers and contracted clearinghouses requesting electronic remittance advice (ERA). Providers may choose to receive ERA or paper RA, but not both.

The 835 Transaction does not accommodate notification of a claim status of pending/suspended/under review. SoonerCare provides a supplemental transaction that provides claim status information on pending claims. This transaction is the 277 Health Care Payer Unsolicited Claim Status (X12 version 3050) and is available to all OHCA providers and contracted clearinghouses requesting ERA.

Key Notes

- Requests for changes in the delivery of an RA must be made in writing to the EDI team.
- ERAs may be combined and/or sent to a designated receiver via the provider's secure Internet account.

Section H: Electronic Claims or Prior Authorizations with Paper Attachments

An attachment cover sheet form HCA-13 is available for all attachments that need to be submitted with electronic claims or electronic PA requests. HCA-13 allows claims or PA request submitters to continue billing their claims or PA requests

electronically, even if an attachment needs to be sent with the claim or PA request.

To ensure proper handling of attachments:

- The attachment control number (ACN) in the PWK segment in the electronic claim or the Control field of the direct data entry page on Medicaid on the Web must be identical to the ACN field on HCA-13. (See Section F of the Claims Completion chapter in this manual.)
- The provider and recipient numbers on the claim must match the provider and recipient numbers on form HCA13.
- Each submission of a claim must have a new ACN. If resubmission of a claim occurs, a counter after the original number is suggested.
- All ACNs must be unique.
- The number must be clear and legible on HCA-13. Please do not mark out information on the form. Use a new form if a mistake is made.
- When creating ACNs, avoid using
  - dashes, spaces or any other special characters;
  - ICN (claim number);
  - phone numbers;
  - patient's date of birth; and
  - patient's SSN/FEIN.
- Copies of the Attachment Cover Sheet can be obtained
  - in the Forms Chapter of this manual;
  - on the OHCA Web site at http://www.okhca.org; or
  - by calling the HP Call Center at 405-522-6205 or 800-522-0114.

SECTION I: ELECTRONIC MEDIA TYPES

EDI transactions can be submitted to HP through a variety of electronic media types. EDI submissions generated from your computer can be transmitted via

- the OHCA secure Web site;
- remote access server (RAS);
- tape/cartridge (3480/3490); or
- CD-ROM.

EDI BATCHED ELECTRONIC TRANSACTIONS

Batch transactions/files that are sent to HP via the OHCA secure Web site or the RAS are immediately placed in the OKMMIS for processing.

HARD MEDIA

The HP-EDI department receives batch transactions and files that are sent via CD-ROM. These transactions and files are called "hard

media." An EDI representative scans the hard media for viruses and performs a visual inspection of the data to ensure it is in X12 format. If the hard media has no viruses and is in X12 format, it is placed in the OKMMIS for processing.

SECTION J: HIPAA TRANSACTION AND CODE SET REQUIREMENTS

The Health Insurance Portability and Accountability Act (HIPAA) is a national effort driven by the Department of Health and Human Services (DHHS) and the Centers for Medicare and Medicaid Services (CMS) geared toward administrative simplification and electronic submission standardization. The HIPAA influences the way protected health information (PHI) is transferred and sets specific guidelines for protection of PHI used for treatment, payment and business operations.

On August 14, 2000, the DHHS issued a Final Rule for Standards for Electronic Transmissions as part of the Administrative Simplification portion of the HIPPA. Find the Final Rule at http://aspe.hhs.gov/admnsimp/final/txfin00.htm. In October 2002, DHHS issued an addendum to the Final Rule, which was accepted in December 2002 and published in February 2003. This is the most current HIPAA compliant formatting standard for the Transaction Code Set (TCS) rule.

The OKMMIS follows the HIPAA mandated TCS standards as set forth by DHHS and CMS.

Chapter 8

Claims Resolution Process

INTRODUCTION

This chapter is designed to outline the process a claim goes through from submission to completion. By understanding this process, providers should have a better idea of how to evaluate their denied claims and how to get those claims corrected.

SECTION A: CLAIM CREATION

When paper claims are received, they are first sorted into groups related to the claim type (for example: outpatient, inpatient, dental, physician and crossovers).

Once the claims are sorted by claim type, all claims received are scanned into the Oklahoma Medicaid Management Information System (OKMMIS). The scanners translate the information into the OKMMIS by optical character recognition (OCR). This reduces the amount of human error by allowing the system to read the claims directly.

When claims are scanned into the OKMMIS, they are assigned an Internal Control Number (ICN). This number has information regarding the claim and assists the providers and the OHCA when researching a claim. An example of the ICN coding orientation is found below, followed by the coding description.

Coding orientation: R R Y Y J J J I I I I I I

Code	Description
R R	These first two digits of the ICN refer to the region code assigned to a particular type of claim. Region codes are explained later in this chapter.
Y Y	These two digits of the ICN refer to the calendar year the claim was received. For example, all claims received in calendar year 2006 would have 06 in this field.
J J J	These three digits of the ICN refer to the Julian date the claim was received. Julian dates are shown on many calendars as days elapsed since January 1. There are 365 days in a year, 366 in a leap year, so a claim received on March 17, 2004, a leap year, would have a Julian date of 077, which indicates that March 17, 2004, is the 77th day of 2004.
IIIIII	The final six digits of the ICN refer to the claim number, which is assigned when the claim comes into the EDS mailroom.

Based on this information, an ICN number of 1006032123456 indicates that the claim was received on paper (region code 10), in the year 2006 (year 06), on February 1st (Julian date 032). The remaining 6 digits are assigned as a batch sequence number by the OKMMIS, and illustrate the order in which the claim was received.

Region codes indicate the claim submission method used. More frequently used region codes are:

Code	Description
10	Paper without attachments
11	Paper claims with attachments
20	Electronic claims with no attachments
21	Electronic claims with attachments
22	Internet claims with no attachments
23	Internet claims with attachments
25	Point of service claims
26	Point of service claims with attachments
40	Claims converted from old OKMMIS
45	Adjustments converted from old OKMMIS
47	Converted history-only adjustments
49	Recipient linking claims
50	Adjustments – non-check related
51	Adjustments – check related
52	Mass adjustments – non-check related
53	Mass adjustments – check related
54	Mass adjustments – void transactions
55	Mass adjustments – provider rates
56	Adjustments – void non-check related
57	Adjustments – void check related
58	Adjustments – processed by EDS SE
59	Provider reversals/voids
80	Claims reprocessed by EDS systems engineers
90	Special projects
91	Batches requiring manual review
92	HMO Co-pays
99	Converted claims with duplicate ICN

SECTION B: DATA ENTRY

Once claims are scanned into the OKMMIS and assigned an ICN, the OKMMIS sends the claim to the data entry department. There, the required fields are keyed manually to verify that the information necessary to process the claim is complete and accurate. Once the claim data are entered, the OKMMIS will attempt to automatically adjudicate the claim. The claim will run

through two different types of edits. Please note that the following information regarding edits is very general, and should not be considered a full and comprehensive list of all the edits used by the OKMMIS system.

MMIS EDITS

OKMMIS edits are wide-ranging edits that review the claim and details from a very general perspective. OKMMIS edits will review the claims data for accuracy, and compare the claim to the member's file to check for eligibility and programs. The system will then compare the claim to the provider's file for contract effective dates and check the provider's file to ensure that the provider type is eligible to receive payment for the type of services provided. Lastly, the system will check the service lines to ensure that the services being provided are covered under Oklahoma SoonerCare, as well as checking for any policy limitations regarding units allowed, prior authorizations or age restrictions.

CLAIMCHECK EDITS

ClaimCheck edits evaluate claims for coding accuracy. ClaimCheck employs logic from three edits: Rebundling, Incidental, and Mutually Exclusive. The Rebundling edit checks are for procedure unbundling. This occurs when two or more procedure codes are used to report a service when a single and more comprehensive procedure code exists. Incidental edits check for certain procedures performed at the same time as a more complex primary procedure and are clinically integral to the successful outcome of the primary procedure. Mutually Exclusive edits check for procedures that represent overlapping services, or different techniques or approaches that accomplish the same result.

SECTION C: RESOLUTIONS

Once a claim has adjudicated, it is assigned one of four statuses by the OKMMIS system. The claim is paid, denied, suspended, or given a status of resubmit.

PAID CLAIMS

Paid claims are claims that contain services which are covered by Oklahoma SoonerCare; however, they do not always result in a payment being issued. For example, if a claim is submitted which has a primary insurance payment of $100.00, and a SoonerCare allowable of $75.00, the claim will be marked paid, since the charges are eligible for coverage. No payment would be made under this circumstance. Additionally, if any lines on the claim are covered, the claim will be marked paid, even though one or more of the service lines may have denied.

Once a claim is assigned a "paid" status, the payment will be issued on the following financial cycle (usually on Wednesdays),

and will be listed on the "Paid Claims" page of the provider's remittance advice (RA).

DENIED CLAIMS

Denied claims are claims that have been determined not covered by Oklahoma SoonerCare. These denials may be issued for various reasons including: non-covered services, inaccurate information submitted on the claim, member's eligibility or the provider's contract information.

Claims denied for non-covered service could be due to program restrictions or policy limitations that can be overridden with proper documentation. Providers can contact the OHCA call center for details on these denial types.

Claims denied for inaccurate information, including incorrect member's SoonerCare identification number, can be corrected by the provider and resubmitted for consideration.

Claims may be denied based on the member coverage being inactive for claim date(s) of service. Eligibility is determined by the Oklahoma Department of Human Services (OKDHS). Eligibility disputes should be directed to the member's local county OKDHS office.

In some instances, a claim may deny because of information listed on the provider's contract. The provider's contract period may have terminated or the provider's contract type may not be eligible to bill for the service provided (for example: a family practitioner billing for dental services).

SUSPENDED CLAIMS

Suspended claims are claims that are currently still in process. Claims suspend when they cannot be automatically adjudicated, or require additional review. Suspended claims are forwarded to a resolutions department for manual review. For example, if a claim has a primary insurance payment, the claim and attached documentation are reviewed. Remember, suspended claims are still being processed and do not need to be resubmitted.

RESUBMIT STATUS

Once a suspended claim has been reviewed, the resolutions department will resubmit the claim so the OKMMIS can rerun the editing process. The claims system cycles every six hours. Subsequently, a claim in resubmit status will normally adjudicate in no more than six hours. It is important to note that claims in resubmit status require no action from the provider.

WORKING DENIED CLAIMS

Claims can be denied at either the header or detail levels. The header level contains information about the member and provider, but not about the services performed. This is where the OKMMIS

will verify member's eligibility and provider's contract information. Denials at this level will cause the entire claim to be denied.

The detail level of the claim contains information specific to the services performed. The detail level verifies coverage of services, policy limitations or program restrictions. Denials at this level will deny specific service lines and not the entire claim.

Once a claim has been denied, providers have two ways to research their denials: via Medicaid on the Web or the RA.

RA Research

When researching using the RA, locate the denied claims section. Once you have found a denied claim, view the header information. Any edits applying to the header information will be listed as Header EOBs. These codes are the HIPAA Adjustment Codes and contain general information about the claim. For further description of these codes, see the EOB Code Descriptions page of the RA. You may find several edits listed. Please note that not all edits listed are denial edits. If there are no header denials, look at each detail line for edits specific to that service. These edits will be listed at the end of each detail line as Detail EOBs.

If the denial reason is still unclear, providers may contact the OHCA call center for assistance or log onto Medicaid on the Web at www.okhca.org and do additional research.

MOW Research

To research denied claims on Medicaid on the Web, go to the claim inquiry page. For information on how to get to this section, see the Web/RAS Usage chapter of this manual. On the claim inquiry screen, you may search by the denied ICN or the member ID and date of service. Once the claim has been accessed, scroll to the bottom of the claim to view the header and detail denials. The HIPAA Adjustment Code will be listed here along with a HIPAA Adjustment Remark Code, which provides more detailed information. If the denial reason is still unclear, you may click on the HIPAA Adjustment Code number to view the MMIS EOB description. The MMIS EOB provides the most detailed information about the denial.

Once the reason for the denial has been determined, any inaccurate or incomplete information can be corrected and the claim can be resubmitted for processing. If all information is accurate and complete, the claim may have denied due to policy limitations or program restrictions.

Chapter 9

Paid Claim Adjustment Procedures

INTRODUCTION

This section explains the business processes of how claim-specific adjustments and non-claim specific adjustments flow through the Oklahoma Medicaid Management Information System (OKMMIS). It is the responsibility of the adjustment department to process in a timely manner all claim-specific and non-claim-specific financial transactions. When a claim is adjusted, it is reprocessed as a new claim. When the adjustment claim processes, it may be affected by system changes made since the original claim was processed.

SECTION A: ADJUSTMENT CATEGORIES

Adjustments are classified in two categories – check-related (refund) or non-check related. Check-related adjustments are classified as either full or partial. An explanation of the claim adjustment types is provided below. Adjustments are made to paid detail lines only on paid claims.

NON-CHECK RELATED ADJUSTMENT

Underpayment Adjustment
The provider is seeking additional reimbursement for a paid claim. The net payment to the provider is the difference between the original claim amount and the adjusted claim amount, when the adjusted claim amount is more than the original claim amount.

Overpayment Full Offset
The provider or the OHCA has recognized that a full overpayment for a claim occurred, and the provider or the OHCA has requested that the overpayment amount be deducted from future claim payments to the provider. After the adjustment void processes, the claim is systematically adjusted to zero and an account receivable is established for the entire amount of the claim.

Overpayment Partial Offset
The provider or the OHCA has recognized that a partial overpayment for a specific claim occurred and the provider has requested that the overpayment amount be deducted from future claim payments. The historical data for the claim are adjusted and an account receivable is established for the overpayment amount.

CHECK RELATED ADJUSTMENT

Full Claim Refund
The provider or the OHCA has recognized that a full overpayment for a claim occurred and the provider issues a refund check for the amount of the entire claim payment. During the claim adjustment process, the refund amount is applied to the claim and the original claim is systematically adjusted to zero.

Partial Claim Refund
The provider or the OHCA has recognized that a partial overpayment for a specific claim occurred and the provider issues a refund check for the amount of the overpayment. The refund amount is applied to the adjustment claim during processing and the historical data for the claim are adjusted.

NEGATIVE ADJUSTMENT AMOUNTS (OVERPAYMENTS)

If a claim is incorrectly adjudicated and the provider receives an overpayment, the provider is required to immediately take action with one of the following options:

- Mail a check in the amount of the overpayment along with a completed adjustment request form (HCA-14 for UB-04, and IP/OP Crossover or HCA-15 for CMS 1500, Dental and Crossover Part B).
- Void the claim on the secure site (Medicaid on the Web) to setup a recoupment.
- Complete an adjustment request form (HCA-14 or HCA-15) and submit it according to the instructions on the form.

In addition, include: a copy of the paid remittance advice, and when applicable, a copy of the corrected claim; copy of the Medicare EOMB; and/or a copy of the insurance EOB.

Send to:

OHCA
Attention: Finance Division
PO Box 18299, Oklahoma City, OK 73154

If the payment is not received, recoupment procedures will be initiated by the OHCA.

When a claim recoupment procedure is initiated, an amount will be posted in parenthesis on the "Paid Amount" column on the adjustment RA. The recoupment

amount is subtracted from the provider's claim payment. If a negative balance is outstanding, it is carried forward as an outstanding recoupment amount and deducted from future claim payments. A summary of the recoupment activity is reported on the financial transactions page of the RA.

POSITIVE ADJUSTMENTS (UNDERPAYMENTS)

If a claim is incorrectly adjudicated and the provider receives an underpayment, the OHCA will initiate procedures to generate a payment adjustment to the submitted claim.

If the provider identifies an underpayment error to a paid claim, the provider may request a payment adjustment by submitting:

1. A completed adjustment request form (HCA-14 for UB, Inpatient/Outpatient crossover, or HCA-15 for 1500, Dental or Crossover Part B) for each claim requested for adjustment.
2. A copy of the paid RA or detailed explanation of the paid information and a copy of the corrected claim. If applicable, a copy of the Medicare EOMB and/or copy of the insurance EOB.
3. Any additional documentation – including sterilization consent form, the hysterectomy acknowledgment, abortion certification or patient certification for Medicaid funded abortion. These documents must be attached to the adjustment request in order to assist the OHCA in making proper determination

All documentation is mailed to:
OHCA
Attention: Adjustments
4545 N Lincoln Boulevard, Suite 124
Oklahoma City, OK 73105

OHCA Review

Each adjustment request is reviewed for proper documentation and OHCA policy and procedural compliance. Requests failing to meet these requirements will be returned to the provider for the missing information.

SECTION B: ADJUSTMENT TYPES AND WORKFLOW

Adjustments are typically initiated by the provider but may also be requested by the OHCA. The provider completes an adjustment request form and forwards it to the specified adjustment address on the form.

NON-CHECK-RELATED ADJUSTMENT (REGIONS 50 AND 56)

Non-check-related adjustments are defined as provider requests for additional payment, which are referred to as:
1. an underpayment adjustment, or
2. provider requests for an overpayment amount to be deducted from future claim payments (referred to as an offset adjustment).

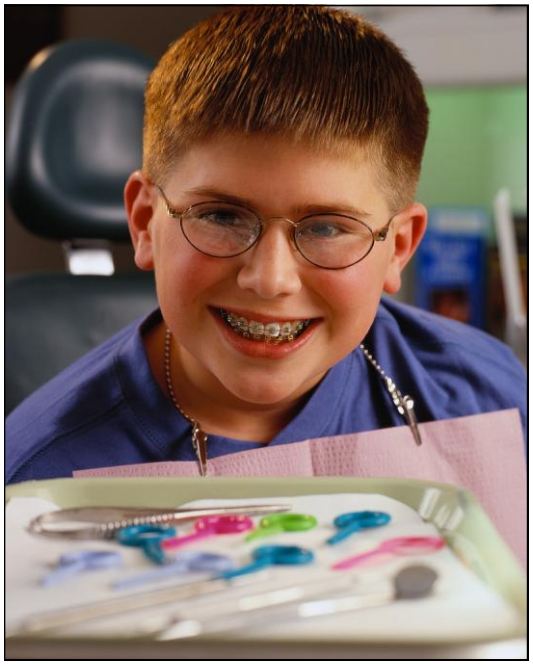
Offset adjustments are further categorized as full-claim offsets or partial-claim offsets. Non-check-related adjustments are processed through the OKMMIS.

CHECK-RELATED ADJUSTMENT (REGIONS 51 AND 57)

Check-related-adjustment requests are cash receipts received and dispositioned as claim-specific refunds to the OHCA. The refunded dollar amount is posted to the specific claim as the adjustment is processed in the OKMMIS. A reason code, that indicates the source of the refund, is typed in the adjustment record. This allows the system to categorize the refunds into provider, SURS and TPL recoveries for cash management reporting. Check related adjustments are processed through the OKMMIS.

Chapter 10

Indian Health Services



INTRODUCTION

In Oklahoma there are three types of Indian Health facilities: Indian Health Service (IHS), Tribes and Urban Indian clinics. IHS is the federal agency responsible for providing health services to most American Indians and Alaska natives. Unlike SoonerCare, IHS is not an entitlement program. Instead, this provision of health care to American Indians and Alaska natives falls under the federal trust responsibility that recognizes the debt owed to Indian tribal governments. Eligibility for care at IHS, Urban Indian and Tribal facilities is usually determined under federal statute and regulation, and depends largely (but not exclusively) on membership in a federally recognized tribe.

SECTION A: SOONERCARE ELIGIBILITY

As a matter of law, American Indians who meet SoonerCare eligibility standards are entitled to SoonerCare coverage. This applies to American Indians as it does to other American citizens. SoonerCare reimburses Indian Health providers for covered services provided to American Indian SoonerCare members. Indian Health is always the payer of last resort when an American Indian SoonerCare member is eligible for services through multiple payers such as Medicare, Medicaid and Indian Health.

SECTION B: CONTRACT HEALTH SERVICES

Most IHS, Tribal and Urban Indian facilities provide basic health care services. When specialty services are needed, an Indian Health facility may authorize payment for "contract health services." Contract health services are defined by IHS as "services not available directly from IHS or tribes that are purchased under contract from community hospitals and practitioners." It is important to note that contract health services are usually purchased through a prior authorization arrangement. Since Indian Health is not an insurance company, it is not obligated to pay for health care services unauthorized by the facility.

Specific Medicaid billing information for Indian Health providers is available in the SoonerCare Indian Health Billing Guide.

Chapter 11
Pharmacy

INTRODUCTION

The purpose of the pharmacy division is to manage the Medicaid Pharmacy program in the most efficient and comprehensive manner possible by researching, designing and implementing mechanisms to ensure appropriate, cost effective and quality therapy.

PHARMACY POLICY (RULES)

Here is a brief overview of Pharmacy rules*:

- Dispensing limitation: 34 day supply or if on maintenance list up to 100 units.
- Covered Drugs: Must have a Federal Drug Rebate Agreement.
- Excluded Categories: Fertility, cosmetic, weight loss/gain, nutritional supplements.
- Reimbursement - Use the lower of
  - federal upper limit on state maximum allowable cost;
  - EAC (AWP – 12%); or
  - Pharmacy's Usual & Customary Cost.
- Dispensing Fee – Up to $4.15.
- Copays:
  - $1 for ≤ $29.99; $2 for ≥ $30.
  - Copayment is not required of
    a. members younger than 21 years old;
    b. members in nursing facilities and intermediate care facilities for the mentally retarded; or
    c. pregnant women.
  - Copayment is not required for family planning services. Includes all contraceptives and services rendered.

*Pharmacy program rules change frequently. For the most up-to-date SoonerCare Pharmacy program rules, visit the OHCA Web site at http://www.okhca.org/provider/policy/pdflib/chapter30.pdf.

PRESCRIPTION DRUG BENEFIT

- Six Rxs per month with three brand name drug limit.
- Rxs that don't count toward perscription limit are HIV antiretrovirals, Chemo, contraceptives.
- Long Term Care – no limit.
- Members under 21 - no limit.
- Waiver Advantage members.
  - Seven extra generics plus Therapy Management, if more is needed.

PRODUCT BASED PRIOR AUTHORIZATION (PBPA)

This program divides certain therapeutic categories of drugs into two or more levels called "Tiers." Tier 1 medications are preferred

as the first step for treating a member's health condition. They are cost effective and in most cases available without prior authorization (PA) from the OHCA. Members who do not achieve a clinical success with Tier 1 medications may obtain a Tier 2 or greater medication with a PA. Providers that have members with clinical exceptions may request a PA to skip the step therapy process and immediately receive Tier 2 or greater. For more information, please review the OHCA Web site at http://www.okhca.org/providers/rx/pa

DURABLE MEDICAL EQUIPMENT (DME)

The general guidelines concerning the documentation necessary to obtain a prior authorization for DME supplies is located at http://www.okhca.org/providers/dme/paguidelines. Please be sure that you use your DME provider number, not your pharmacy provider number, when billing DME claims. DME claims will not process through the pharmacy point-of-sale system. For a list of providers that are willing to bill for DME supplies, go to http://www.okhca.org/providers/dme/dmeproviders. If you are not a contracted DME provider and would like to be, please contact provider contracts at 800-522-0114, opt. 5, or download, complete, and return the contract forms to http://www.okhca.org/providers/enrollment/dme-msc.

PHARMACY LOCK-IN PROGRAM

When it is decided that a member meets specific criteria and should be placed in the Lock-in program, a pharmacy is assigned to that member and their eligibility file is updated to only pay claims at that pharmacy. Referrals are made to the Lock-In unit by several sources. These include: physicians, pharmacies, caseworkers and OHCA staff. Referrals can be made by phone, online or in writing. Pharmacy help desk technicians review members' claims when assisting callers with claim problems and will turn in any suspicious activity.

Lock-In Decision Process

Once a member is referred to the Lock-in program, the following information is verified and reviewed for each case.

1. Eligibility (members that are not eligible or have Medicare are not reviewed).
2. Medicare eligibility.
3. Paid pharmacy claims for past year.
4. Hospital claims for past year.
5. Full history of diagnosis summary.
6. List of prescriber specialties.

The lock-in process is started if the member meets the required criteria based on this information.

Cases that look questionable but do not fully meet the criteria generally result in the monitoring of members or a warning letter sent to members. Warning letters are sent to members explaining that they are being monitored due to a high number of visits to different pharmacies. Cases that receive warnings are reviewed again in six months. If there is no improvement, the members are entered into the Lock-in program. If the behavior improves, the cases are closed. If a decision is made to monitor without a warning, the case is reviewed again in three months and a new decision is made based on behavior pattern.

Insure Oklahoma

INTRODUCTION

The Insure Oklahoma was founded in 2005 in an effort to help provide health coverage to uninsured and working Oklahomans.

Insure Oklahoma is a program under the SoonerCare umbrella and administered by the Oklahoma Health Care Authority (OHCA). This program consists of two benefits branches.

First is the Insure Oklahoma Employed Sponsored Insurance (ESI) program geared to small businesses. This program offers premium subsidy assistance for qualified group health care plans to eligible employees.

The second is Insure Oklahoma Individual Plan (IP), which is designed as an option for people who cannot access Insure Oklahoma through their employer.

Member eligibility for both programs requires candidates to:

- have a household income not exceeding 185 percent of the federal poverty level (FPL),
- have valid Oklahoma residency and U.S. citizenship,
- be a legal alien not currently receiving Medicaid or Medicare services, and
- be 19 to 64 years old.

SECTION A: WHAT IS THE INSURE OKLAHOMA INDIVIDUAL PLAN?

Insure Oklahoma is operated by the OHCA. An Insure Oklahoma Individual Plan member must choose an Insure Oklahoma provider for themselves, and if eligible, their spouse.

This plan provides coverage to eligible

- self-employed individuals;
- workers who cannot access Insure Oklahoma through their employer;
- workers who have a disability with a ticket to work receiving benefits from the Oklahoma Employment Security Commission (OESC); or
- unemployed individuals currently seeking work.

Questions about benefits or the plan in general should be directed from Monday through Friday, 7:30 a.m. to 5:30 p.m., to the Insure Oklahoma Helpline at 888-365-3752 or TDD at 405-416-6848.

PERSONS INELIGIBLE FOR THE INSURE OKLAHOMA INDIVIDUAL PLAN

Certain persons are ineligible for Insure Oklahoma even though they may be eligible under other portions of the SoonerCare program. These "Exempt" persons will not be enrolled in Insure

Oklahoma if they are: a dependent 18 years old or younger or eligible for Medicare or Medicaid, including SoonerCare Choice.

COVERAGE FOR CHILDREN

Children are not eligible for Insure Oklahoma, but may qualify for health care coverage through SoonerCare Choice. Call 405-521-3646 for more infomation.

MEDICAL ID CARD

Insure Oklahoma medical ID cards look different than SoonerCare cards. See example below:

IMPORTANT PHONE NUMBERS

Emergency Services

Call 911 or go to the nearest emergency room. Call your medical provider as soon as possible. Do not use the emergency room for urgent care. Urgent care is when you get sick or hurt and there is no immediate danger. Call your medical provider for urgent care.

Provider Eligibility

Only claims from OHCA-contracted providers will be considered for payment. This card does not guarantee eligibility or payment for services. To confirm eligibility, call the nationwide toll-free number at 800-767-3949 and in metro Oklahoma City at 405-840-0650 or access the secure Web site at: www.okhca.org.

All other provider inquiries, call the Insure Oklahoma Helpline at 888-365-3742.

Members

For general information, call the Insure Oklahoma Helpline at 888-365-3742. For TDD Line, call 405-416-6848. For the Patient Advice Line, call 800-530-3002.

SECTION B: INSURE OKLAHOMA INDIVIDUAL PLAN BILLING PROCEDURES

The billing procedures for the Insure Oklahoma IP are the same as the SoonerCare billing procedures. Please refer to the Claim Completion chapter of this manual for details. The Insure Oklahoma IP uses the same mailing addresses as SoonerCare.

Claims are subject to a co-payment. The provider reimbursement will be based on the Medicaid allowable plus the co-payment. Providers who choose to be primary care physicians will be assigned a panel. Primary care referrals will follow the same guidelines as they do with SoonerCare.

PCP PAYMENTS

Insure Oklahoma PCPs will get a $3 monthly case-management fee per recipient.

CHANGES TO PRIMARY CARE PHYSICIAN PANELS

If the provider's panel is closed, yet there is a patient the provider is willing to add to its panel, the appropriate form will need to be completed and faxed to 405-949-9563.

ELIGIBILITY

Checking eligibility for IP will follow the same process as SoonerCare. A magnetic strip on the back of the card is used by the swipe machines to read member information. Eligibility will also be accessible on the Web, through the Automated Voice Response (AVR) system and by contacting Customer Service at 888-365-3742. When viewing eligibility, the system will reflect the program for Public Product (PUB), for those enrolled in the IP.

PRIOR AUTHORIZATION

The OHCA handles the IP Prior Authorization (PA) process.

ADJUSTMENTS

Adjustments for the IP guidelines are the same as SoonerCare's.

Chapter 13

Long Term Care Nursing Facilities

INTRODUCTION

SoonerCare provides members with coverage for long-term care (LTC) nursing facilities and Intermediate Care Facilities for the mentally retarded (ICF-MR). SoonerCare reimburses providers with a set lump-sum payment for each member under their care. Items covered by the reimbursement include: dietary needs, room and board, personal hygiene items and most over-the-counter drugs.

SECTION A: LTC NURSING FACILITY PROVIDER ELIGIBILITY

Long-Term Care (LTC) Nursing Facilities may receive payment for the provision of nursing care under the SoonerCare Title XIX program only when they are properly licensed and certified by the Oklahoma Department of Health, meet federal and state requirements, and hold a valid written agreement with the Oklahoma Health Care Authority (OHCA).

To obtain additional information, go to http://www.okhca.org, click on the Provider link, select OHCA Rules from the Policies & Rules link on the left side of the page when it appears and click on Chapter 30.

SECTION B: PRE-ADMISSION SCREENING AND RESIDENT REVIEW PROCESS (PASRR)

Federal law requires that all members entering SoonerCare certified nursing facilities must be screened for possible mental illness, mental retardation or related conditions prior to admission. Nursing facilities are required to complete form LTC-300A for all members entering the facility, regardless of pay source. For additional information, go to http://www.okhca.org, click on the Provider link, select OHCA Rules from the Policies & Rules link on the left side of the page when it appears and click on Chapter 30.

SECTION C: ICF/MR PROCESS

Pre-approval and final approval for medical eligibility of SoonerCare certified members entering public and private ICF/MR are made by the Level of Care Evaluation Unit at the OHCA. ICF/MR facilities are required to complete form LTC-300 as well as provide evidence of mental retardation or related condition and additional documentation of active treatment needs. For additional information, go to http://www.okhca.org, click on the Provider

link, select OHCA Rules from the Policies & Rules link on the left side of the page when it appears and click on Chapter 30.

SECTION D: MEMBER LEVEL OF CARE APPEALS PROCESS

By law, any member who feels adversely affected by any preadmission screening and resident review (PASRR) determination made by the OHCA regarding a preadmission screening or an annual resident review may request a fair hearing within 30 days from the date of notice of the PASRR result. The member or authorized agent may contact the county DHS office to request a fair hearing Form H-1 to initiate the appeals process.

Providers or physicians who would like to appeal a level-of-care decision may request the OHCA form LD-2 by contacting the OHCA Grievance Docket Clerk Legal Division at 405-522-7217

For additional information on documentation standards, go to http://www.okhca.org, click on the Provider link, select OHCA Rules from the Policies & Rules link on the left side of the page when it appears and click on Chapter 30.

SECTION E: BILLING CONSIDERATIONS

Individuals requesting billing information regarding nursing facilities should refer to the Electronic Data Interchange and Billing Instructions chapters of this manual. Nursing facilities will use the UB 92 paper form, 837-I for electronic batch submission and/or Direct Data Entry through the OHCA secure Web site for claim submission. Verifying the member's eligibility and program eligibility is very important. Members in nursing facilities are excluded from enrollment in SoonerCare Choice. If a member is enrolled in SoonerCare Choice, they must be disenrolled from managed care after admission to a nursing facility or ICF-MR.

Chapter 14

Third Party Liability

INTRODUCTION

Private insurance coverage generally does not exclude an individual from receiving Oklahoma Health Care Authority (OHCA) benefits. Many OHCA members have other insurance in addition to the OHCA. Insurance may be a commercial group plan through the member's employer, an individually purchased plan, Medicare, or insurance available as a result of an accident or injury. For most Oklahoma members, the OHCA supplements other available coverages and is primarily responsible for paying the uncovered medical expenses.

To ensure that the OHCA does not pay expenses covered by other sources, federal regulation *(42 CFR 433.139)* established the OHCA as the payer of last resort. This means that if an OHCA member has any other resource available to help pay for the cost of his or her medical care, that resource must be used prior to the OHCA. Other resources include, but are not limited to

- commercial health insurance policies, both group and individual;
- Medicare;
- TRICARE, formerly known as CHAMPUS;
- indemnity policies that pay a fixed per diem for hospital or nursing home services;
- auto insurance;
- homeowner's insurance;
- worker's compensation; or
- other liability insurance.

In Oklahoma, the Victim Compensation Act and Indian Health Services are the only resources that do not have to be used prior to the OHCA.

OHCA THIRD PARTY LIABILITY PROGRAM

The OHCA Third Party Liability (TPL) program is charged with ensuring compliance with federal and state TPL regulations. The program has two primary responsibilities:

1. To identify OHCA members who have third party resources available.
2. To ensure that those resources pay prior to the OHCA.

The OHCA has full authority to fulfill these responsibilities. The OHCA member must sign an assignment of rights form, which allows the third party payment be made directly to the OHCA. This is one of the eligibility conditions to OHCA membership. Each member must further agree to cooperate with the OHCA to obtain payment from those resources, including authorization of providers and insurers to release necessary information to pursue third party

payment. TPL requirements are the same, regardless of the type of third party resource. The TPL program fulfills its responsibilities based on whether the other resource falls under the general category of health insurance. These may include: commercial policies, Medicare, and liability insurance such as auto and homeowner.

The TPL program has four primary sources of information for identifying members who have other health insurance: caseworkers, providers, data matches and discrepancy letters.

Caseworkers
When a member applies for SoonerCare, the caseworker asks if the member has other insurance coverage. If so, the caseworker obtains all available information about the other policy and updates the member's file, which will update the OKMMIS with that information.

Providers
During the OHCA member's medical appointment, providers must ask if the member has other insurance coverage. If so, the provider obtains information about the other policy and provides it to the OHCA by written notice, phone call or inclusion on a claim form. Providers should request that the OHCA member sign an assignment of benefits authorization form. This form should state that the member authorizes the insurance carrier to reimburse the provider directly.

Data matches
The OHCA uses private vendors, Health Management Systems (HMS) and Electronic Data Systems (EDS) to perform regular data matches between OHCA members and commercial insurance eligibility files. Data matches are performed with all major insurers, including Blue Cross and Blue Shield, Aetna, Cigna, HealthChoice and others.

Discrepancy Letter
The discrepancy letter is used to update the OHCA member’s file. This letter will be mailed to a provider when there is a TPL payment indicated on a paid claim, but no TPL is shown in the EDS system. The completed discrepancy letter can be faxed or mailed to the TPL unit. The unit verifies the information prior to updating the system. This form can be downloaded from the OHCA Web site. It is located in the Forms section under TPL forms. Regardless of the source, all TPL coverage information is stored in the EDS system and available to providers through the Eligibility Verification System (EVS).

SECTION A: SERVICES EXEMPT FROM THIRD PARTY

LIABILITY/ COST AVOIDANCE REQUIREMENTS

To increase overall savings to the OHCA, the Centers for Medicare and Medicaid Services (CMS) encourage three types of medical services:

1. Pregnancy care.
2. Prenatal care.
3. Preventive pediatric care, including Early Periodic Screening Diagnosis and Testing (EPSDT)

To help ensure that providers are not deterred from providing these services, federal regulations exempt claims for these types of care from the cost-avoidance requirement. Providers that render any of these exempted services are still permitted, but are not required, to bill available third party resources. Claims for these services, identified by the diagnosis codes, bypass the normal cost-avoidance process.

Cost Avoidance

When a provider determines that a member has an available TPL resource, the provider is required to bill that resource prior to billing the OHCA. If the EVS indicates TPL resource information and the provider submits a claim to the OHCA without documentation that the third party resource was billed, federal regulations (with a few exceptions as described in Section B of this chapter) require that the claim be denied. This process is known as "cost avoidance." When a claim is cost avoided, the provider must bill the appropriate third party. If that resource denies payment or pays less than the OHCA would have paid, the provider can rebill the OHCA. Providers must be fully aware of and comply with the procedures outlined in this chapter to prevent claims from being erroneously cost avoided.

Liability Insurance

Unlike health insurance, liability insurance is generally available only under certain circumstances. For example, an auto insurance liability policy covers medical expenses only if expenses are the direct result of an auto crash and the policy's insured is liable. However, if there is "medical payments" coverage under the auto policy of the vehicle in which the member was injured, the member must only establish that the injuries are accident-related. He or she does not have to establish liability to pursue a medical payments' claim. Under homeowner's and other property-based liability insurances, the at-fault party's liability generally must be established before an injured member is reimbursed for medical

expenses related to the injury, unless there is a separate medical payments coverage available under the policy. In that case, to obtain medical payment benefits, the member would typically only have to establish they were injured on the property. Because of the circumstantial nature of this coverage, the OHCA does not cost avoid claims based on liability insurance.

If a provider is aware that a member has been in an accident, the provider can bill the OHCA or pursue payment from the liable party. If the OHCA is billed, the provider must note that claims are for accident-related services by marking the appropriate box in field 10b on form 1500, listing the appropriate occurrence code on form UB-92; or entering the appropriate Related Causes Code in data element 1362 on form 837 Professional (837P) or 837 Institutional (837I) electronic transaction. Providers that choose to initially pursue payment from the liable third party must remember that claims submitted to the OHCA after the one-year timely filing limit are denied.

When the OHCA pays claims for accident-related services, the TPL program performs post-payment research, based on trauma diagnosis codes, to identify cases with potential liable third parties. When third parties are identified, the OHCA presents all paid claims associated with the accident to the responsible third party for reimbursement. Providers are not normally involved in this post-payment process, and are not usually aware that the OHCA has pursued recoveries. Providers may contact the TPL unit with questions about TPL case procedures and are encouraged to report all identified third party liability cases to the TPL unit. For example, if a provider receives a record's request from an attorney regarding a third party liability case, providers are encouraged to notify the TPL unit of these requests.

SECTION B: THIRD PARTY LIABILITY CLAIM PROCESSING REQUIREMENTS

This section outlines provider responsibilities for supporting cost containment through timely identification and billing of primary insurers. Providers are required to bill all other insurance carriers prior to billing the OHCA, except for programs that are secondary to the OHCA. The TPL Unit is available to assist with determining other insurance resources and maintaining the most current member TPL files.

DOCUMENTATION REQUIREMENTS

The OHCA must deny claims if there is evidence that TPL exists and documentation indicating that the third party was billed is not submitted with the claim. To prevent claims from being denied,

providers must be aware of responsibilities concerning third parties and comply with the procedures described in this chapter.

THIRD PARTY LIABILITY IDENTIFICATION

Prior to rendering a service, the provider must verify that the member is eligible. Use the EVS described in the Member Eligibility chapter of this manual to check eligibility status for all members. Additionally, the EVS should be used to verify TPL information so providers can determine if another insurer is liable for all or part of the bill. EVS has the member's most current TPL information, including, the insurance carrier, benefit coverage and policy numbers. In some cases, it is not possible to determine by the EVS if a specific service is covered. If a specific service does not appear to be covered by the stated TPL resource, providers must still bill that resource to receive a possible denial or payment. For example, some insurance carriers cover optical and vision services under a medical or major medical plan. Medical services that are covered by a primary insurer must be billed first to the primary insurer. If there is no other insurer indicated on the EVS and the member reports no additional coverage, bill the service to the OHCA as the primary payer.

When the EVS shows a member is a qualified Medicare beneficiary (QMB) only or a specified low income Medicare beneficiary (SLMB) only, the provider should contact Medicare to confirm medical coverage. Failure to confirm medical coverage with Medicare could result in claim denial because the Medicare benefits may have been discontinued or recently denied. The OHCA pays the Medicare premiums for SLMB only and QMB only members, but does not provide medical coverage. The coinsurance and deductible are covered for members with Medicare entitlement.

PRIOR AUTHORIZATION

A service requiring OHCA's prior authorization (PA) must be satisfied to receive payment from the OHCA, even if a third party paid a portion of the charge. The only exception is when the third party payer is Medicare Parts A or B and Medicare allows in whole or in part for the service.

BILLING PROCEDURES

When submitting all claims, the amount paid by a third party must be entered in the appropriate field on the claim form or electronic transaction, even if the payment amount is zero ($0).

If a third party payer made payment, an explanation of payment (EOP), explanation of benefits (EOB), or remittance advice (RA) is not required for electronically submitted claims.

When a member has other insurance and the primary insurer denies payment for any reason, a copy of the denial such as an EOP, EOB or RA must be attached to the OHCA claim or the claim will be denied.

If an EOP, EOB or RA cannot be obtained, attach to the claim a statement copy or correspondence from the third party carrier.

When billing the OHCA for the difference between the amount billed and the primary insurer's payment, the OHCA pays the provider the difference, up to the OHCA allowable charge. If the primary insurer payment is equal to or greater than the allowable charge, no payment is made by the OHCA. In this instance, the provider is not required to send the claim to the OHCA for processing. Providers cannot bill members for any balance.

NON-COVERED SERVICES OR LIFETIME MAXIMUM EXCEEDED

When a service that is repeatedly furnished to a member and repeatedly billed to the OHCA is not covered by the third party insurance policy, a provider can submit photocopies of the original denial for up to one year from the date of the original denial. The provider should write "Non-Covered Service" on the insurance denial when submitting copies for billing purposes. For example, if an insurer denies a claim for skilled nursing care because the policy limits are exhausted for the calendar year, that same denial could be used for subsequent skilled nursing care related claims for the duration of that calendar year. The denial reason must relate to the specific services and timeframes of the new claim.

SUBSEQUENT THIRD PARTY LIABILITY PAYMENT

TPL payments received by providers for claims paid by the OHCA cannot be used to supplement the OHCA allowable charges. If the OHCA paid the provider for services rendered and the provider subsequently receives payment from any other source for the same services, the OHCA payment must be refunded within 30 days. The refund should not exceed the OHCA payment to the provider. Checks must be made payable to the OHCA and mailed to:

The OHCA Finance Unit
PO Box 18299
Oklahoma City, OK 73154

REMITTANCE ADVICE INFORMATION

If a claim denies for TPL reasons, comprehensive TPL billing information about the member is provided on the paper RA. Electronic RAs identify this information with the adjustment reason and adjustment remark codes. If the provider has information that corrects or updates the TPL information provided on the RA, follow the procedures for updating TPL information.

For additional information, refer to the Member Third Party Liability Update Procedures section in this chapter.

INSURANCE CARRIER REIMBURSES OHCA MEMBER

Providers with proof that an OHCA member received reimbursement from an insurance carrier should follow these steps:

1. Contact the insurance carrier and advise them that payment was made to the member in error. Request that a correction and reimbursement be made to the provider.
2. If unsuccessful, the provider must bill the member for the services. In future visits with the OHCA member, the provider should request that the OHCA member sign an assignment of benefits authorization form. The form states the member authorizes the insurance carrier to reimburse the provider. This process might result in reimbursement to the provider.

SECTION C: COORDINATION WITH COMMERCIAL PLANS

Specific guidelines must be followed to receive payment from the OHCA when submitting claims for a member enrolled in private preferred provider organization (PPO) or private health maintenance organization (HMO) plans.

HMO BILLING OHCA

The OHCA reimburses providers for co-payments and services not covered by commercial plans incurred by OHCA members under a capped arrangement.

Co-payment Billing

In 2001, the OHCA implemented a procedure for providers to bill the OHCA for HMO co-pays on eligible Medicaid recipients enrolled in private health plans and Medicare Replacement HMOs.

The appropriate claim form (UB-04 or 1500) should be used. At the top of the claim form, print in large letters: “HMO co-pay.” Use the appropriate procedure code. However, box 28 and 30 on the 1500 and box 55 on the UB-04, provide only the desired co-pay reimbursement amount.

Only paper claims will be accepted for HMO co-pays and all other blocks on the UB-04 or 1500 should be completed according to your provider manual.

The claim forms should be mailed to EDS at P.O. Box 18500, Oklahoma City, OK 73154, and will be subject to all other applicable regulations. If you have any questions, please call the OHCA at 405-522-6205 or 800-522-0114.

Covered And Non-covered Services Billing

When billing for services not covered under the member's plan, the provider bills the OHCA and indicates carrier denied in the TPL amount on forms 1500 or 837P. The provider must attach a copy of the statement from the capped plan that indicates the service is not covered. The OHCA requires that a member follow the rules of his or her primary insurance carrier. Therefore, if the primary insurance carrier requires the member to be seen by in-network providers only or payment will be denied, the OHCA does not reimburse for claims denied by the primary carrier because the member received out-of–network services. However, if the primary carrier pays for out-of-network services at the same rate as in-network services or at a reduced rate, the provider may submit the bill to the OHCA. Also, if the primary insurance carrier pays for out-of-network services, but does not pay a particular bill in full due to a deductible or co-payment, the provider may still submit the bill to the OHCA. If no payment or a partial payment was made by the primary carrier, this should be indicated on the claim form, and documentation from the carrier noting the deductible or co-payment amount must be attached to the claim.

SECTION D: MEDICARE-OHCA RELATED REIMBURSEMENT

Many OHCA members are eligible for Medicaid and Medicare. These individuals are called dually eligible. According to TPL regulations, Medicare is treated just as any other available resource. Thus, when an OHCA member is also enrolled in Medicare, providers must bill Medicare prior to submitting a claim to the OHCA for reimbursement. For an OHCA provider to receive reimbursement from Medicare, the provider must be enrolled in the Medicare program. Providers can be enrolled in Medicare as participating or nonparticipating. Medicare participating providers receive payment directly from Medicare. Medicare benefits for nonparticipating providers are paid directly to the OHCA member.

In either scenario, the OHCA pays the co-insurance and deductibles. If a provider is not enrolled in Medicare, either as participating or nonparticipating, the member should be referred to a Medicare/Medicaid dually enrolled provider. OHCA reimbursement is not available to a non-Medicare enrolled OHCA provider who renders service to a Medicare/Medicaid dually eligible member.

MEDICARE ENROLLED PARTICIPATING PROVIDER REIMBURSEMENT PROCESS

When a provider is enrolled with Medicare, the Medicare payment is made directly to the provider. The provider accepts Medicare's allowable amount and the patient is not responsible for the

disallowed amount. The OHCA is only responsible for the deductible and coinsurance. For example, the charge is $150, the allowable amount is $100, $50 is disallowed, the deductible is $25 and coinsurance is $15. Medicare pays $60; the provider absorbs $50. The OHCA pays $40. The member is not responsible for any charges

MEDICARE ENROLLED NON-PARTICIPATING PROVIDER REIMBURSEMENT PROCESS

When a nonparticipating provider is enrolled with Medicare, the Medicare payment is made to the member. The member is responsible for the complete charge, as the provider does not accept assignment. For example, the charge is $150, the allowable amount is $100, the disallowed amount is $50, the deductible is $25 and the coinsurance is $15. The patient is billed for $150. Medicare reimburses the patient $60 and the patient is responsible for paying the remaining $50.

The OHCA SoonerCare member must be referred to a Medicare/OHCA SoonerCare provider to receive the best benefit.

CROSSOVER CLAIMS

It is important to remember that providers must include the correct Medicare identification number for a claim to crossover automatically. The following information concerns crossover claims:

- If a provider does not receive the OHCA payment within 60 days of the Medicare payment, claims that did not crossover should be submitted to the crossover processing address.
- If the member has a Medicare supplement policy, proof of filing with the Medicare supplement carrier as well as Medicare must be submitted with the OHCA claim or the claim will deny.
- If the member has a Medicare supplement policy, the claim is filed with Medicare and automatically crosses over to the Medicare supplement carrier rather than the OHCA for payment of coinsurance and deductible. After the provider receives all EOBs, the provider must submit the claim and EOBs on paper to the OHCA.

NOTE*: If the TPL benefit code has been entered incorrectly as a hospitalization (A) or medical (C) versus Medicare Supplemental Part A (O) or Medicare Supplemental Part B (P) for the supplemental policy, the claim crosses directly to the OHCA and may be paid without proof of filing with the Medicare supplement carrier. These situations generally result in OHCA overpayments that must be refunded immediately. To prevent overpayment, a provider*

that identifies enrollees with a Medicare supplemental policy conveyed as an A or B on EVS can request a TPL file update by sending a copy of the enrollee's Medicare supplemental insurance card to the TPL Unit.

Providers whose claims are not crossing over automatically should contact Provider Enrollment to verify that OHCA has your Medicare provider number correctly in the system.

PRIOR AUTHORIZATION

Prior authorization is not required for members with Medicare Part A and Part B coverage if the services are covered by Medicare and Medicare pays for the services in whole or in part. Services not covered by Medicare are subject to normal prior OHCA authorization requirement restrictions, referral and prior authorization requirements of SoonerCare.

MEDICARE NON-COVERED SERVICES

Claims for services not covered by Medicare must be submitted to the OHCA's regular claims processing address, with a copy of the Medicare RA attached. These claims are treated as any other TPL claim. Certain services are excluded and never covered by Medicare; therefore, the OHCA can be billed first for these services, bypassing the requirement to bill Medicare first. This applies to Medicare supplements as well. Otherwise, OHCA benefits can only be paid to the provider of services after Medicare payment or denial of payment occurs.

OTHER THIRD PARTY LIABILITY RESOURCES

If the member has other insurance on file that covers those services not covered by Medicare, the other insurance resources must be billed before the OHCA.

SECTION E: MEMBER THIRD PARTY LIABILITY UPDATE PROCEDURES

Other insurance information is entered into the DHS system by the caseworker when a member is enrolled in the OHCA. The information is transmitted electronically via real-time transaction to the OHCA. The county office and the OHCA TPL Unit update TPL information. The TPL Unit is the primary entity for maintaining TPL information about the member. Providers who receive information about OHCA members from insurance carriers that is different from what is listed on EVS can forward the information to the TPL Unit. Information about additional insurance coverage or changes in insurance coverage must be relayed to the TPL Unit as soon as possible to keep member files current and to assist in accurate provider claim processing.

AUTOMATED RECOVERY, RESOURCE DATA REQUEST LETTERS AND QUESTIONNAIRES

Automated discrepancy letters and questionnaires are sent to insurance carriers, members, and providers when recoveries are initiated or TPL resource data are requested. When the TPL data are verified, the system is updated accordingly. As a result, providers have access to the most current insurance billing information through the eligibility verification system (EVS) applications or the automated voice response (AVR) system. When a discrepency letter is received, providers must thoroughly complete the form and return it to the TPL Unit via fax or mail. The address is indicated on the form.

Providers may access and use the discrepency letter, and TPL Accident/Injury Questionnaire on the OHCA Web site. When a questionnaire is completed, the provider can fax or mail it to the EDS TPL Unit. The TPL Unit verifies and investigates the information prior to updating the system.

GENERAL UPDATE PROCEDURES

When forwarding update information to the TPL Unit, indicate the member identification (RID) number and any other pertinent member or carrier data on all correspondence. Copies of letters, RA, EOB or EOP information from other insurance carriers are important for maintaining member TPL file information. Carrier letters, RAs, EOPs or EOBs that document coverage must substantiate any requested changes**.** Mail the above information concerning other insurance coverage to:

TPL Unit
Third Party Liability Update
4545 N. Lincoln Blvd., Ste 124
Oklahoma City, OK 73105

The TPL discrepancy letter can be downloaded from the OHCA Web site. When completed, providers should fax or mail it to the address indicated on the letter.

The TPL Unit can be reached by phone at 800-522-0114 and selecting option 3 then 2.

The TPL Unit reviews and verifies the OHCA member insurance information, coordinates with the carrier, if required, and makes necessary changes to the TPL file in the OHCA system to accurately reflect member TPL coverage. Providers can confirm the update with EVS or by calling the TPL Unit. Allow 10 business days from the date of receipt for the OHCA member's file to be updated.

TELEPHONE INQUIRY PROCEDURES

To discuss other insurance issues, providers should contact the TPL Unit using the telephone numbers below from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays:

Third Party Liability Unit
800-522-0114, option 3 and 2
Fax: 405-530-3478

When calling the TPL Unit, have the member's identification number available. This telephone inquiry function is limited to TPL issues. Direct general provider inquiries to the OHCA Call Center.

NOTE: *OHCA cannot provide information about benefits covered under each coverage type. Providers should contact the insurance carrier for this information.*

WRITTEN INQUIRY PROCEDURES

Documentation must substantiate each change made to a member's TPL file. If changes to member files are necessary, providers must forward copies of information from other insurers that document the member's TPL information to be updated.

When forwarding update information to the TPL Unit, indicate the member's name; RID number; copy of EOB, RA, member's third party insurance card, letter from carrier and any other correspondence that will help maintain the member's TPL file. The TPL Unit verifies all TPL information submitted with the respective insurance carrier. Mail information about other insurance coverage to:

OHCA TPL Unit
4545 N. Lincoln Blvd., Ste 124
Oklahoma City, OK 73105
Third Party Liability Update

SUMMARY

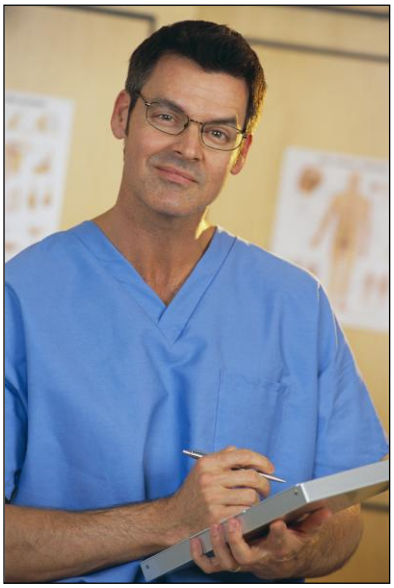
The following is a summary of the steps used to revise member TPL:

- When a policy is terminated, a patient was never covered, or the insurance carrier has a different billing address than on the TPL resource file, the provider sends the updated TPL information to the TPL Unit.
- If the provider sends documentation from the insurance carrier, the member's TPL file is updated with the corrected information within 10 business days from the date of receipt by the OHCA.

- If the provider sends in documentation that is not from the insurance carrier (discrepancy letter, copy of insurance card, handwritten note, etc.), the TPL unit will contact the insurance carrier to verify the other insurance information and if appropriate, update the system within 10 business days of receipt.
- The provider does not need to delay filing a claim; however, notifying the TPL Unit of updated TPL data will make subsequent billing easier.
- The provider can download the TPL questionnaire and discrepancy letter form from the OHCA Web site.

Do not send TPL-related claims to the TPL unit for processing.

Chapter 15
Prior Authorization



INTRODUCTION

Under the Oklahoma SoonerCare program, there are services that require prior authorization (PA) by the Oklahoma Health Care Authority (OHCA). To obtain additional information on PAs and a list of services that require PA, go to the OHCA Web site at www.okhca.org.

All services requiring PA will be authorized on the basis of the service procedure code. The OHCA authorization file will reflect the service codes authorized. A PA number will be assigned and a notice generated to the medical provider. The notice of authorization will contain the PA number, the service/procedure code authorized and the number of units. Notices will be provided online for providers using Web services or by mail for all other providers.

SECTION A: PRIOR AUTHORIZATION REQUESTS

MEDICAL AND DME REQUESTS

Requests for PA can be submitted by paper, fax or online. All prior authorization of medical or DME services must be submitted on form HCA-12A, the Oklahoma Prior Authorization Request form, and must include an HCA-13A cover sheet for each request.

Requests can be mailed or faxed to:

HP Prior Authorizations
2401 NW 23rd Street, Suite 11
Oklahoma City, OK, 73107
Local: 405-702-9080 or statewide toll-free: 866-574-4991

Online requests for PA are done by visiting the OHCA's secure site found at www.okhca.org

If a request for prior authorization of medical services is submitted electronically, any documentation including forms HCA-12A and HCA-13A are still required for medical review and must be submitted to the above address or fax number. Make sure the PA number assigned through the secure Web site is written in the designated field of the HCA13A.

DENTAL REQUESTS

Submit paper requests for PA of dental services on the current American Dental Association (ADA) claim form. Requests for routine procedures require mounted right and left bitewings (or a panoramic x-ray) and periapical x-ray. All orthodontic requests (comprehensive and minor) require submission of study models and a panoramic x-ray. Comprehensive orthodontic requests

require a completed Index of Malocclusion form in addition to the ADA claim form. Diagnostic photographs may be submitted in place of study models. This is encouraged if at all possible. Submit paperwork, model and X-ray together. **DO NOT MAIL SEPARATELY**. These requests should be sent to:

OHCA Dental Authorization
4545 N. Lincoln Blvd., Suite 124
Oklahoma City, OK, 73105

PHARMACY REQUESTS

Requests for PA for prescription medication should be submitted on the appropriate pharmacy PA forms. These forms are available on the OHCA Web site at www.okhca.org. The University of Oklahoma's College of Pharmacy, Medication Coverage Authorization Unit (MCAU), approves or disapproves each medication authorization request on behalf of the OHCA. The MCAU staff can be reached by phone at 405-522-6205 option 4 / 800-522-0114 option 4 or by fax at 405-271-4014 / 800-224-4014.

OUTPATIENT REHABILITATIVE BEHAVIORAL HEALTH, CASE MANAGEMENT, AND PSYCHOLOGIST SERVICES

Prior authorization request for outpatient rehabilitative behavioral health, case management, and/or psychologist services must be submitted using the outpatient request for prior authorization form.

This form is available on the APS Healthcare Web site at www.apshealthcare.com. The APS Healthcare Unit approves or disapproves these requests and may be reached by phone at 405-521-9700 or on the Web at www.soonerpro.com. Please submit PA requests with all supporting documentation to:

APS Health Care Midwest
4545 N. Lincoln Blvd., Suite 103
Oklahoma City, OK 73105

INPATIENT BEHAVIORAL HEALTH, DETOXIFICATION, GROUP HOME AND THERAPEUTIC FOSTER CARE SERVICES

Requests for PA of inpatient psychiatric services including acute and residential levels of care, detoxification, group home and therapeutic foster care for Medicaid members younger than 21 years old should be made by calling APS Healthcare. Instructions for this process are found on the APS Healthcare Web site at www.apshealthcare.com. The APS Healthcare Medicaid Preauthorization Unit approves or disapproves these requests and may be reached by phone at 800-762-1639. Behavioral Health Services does not require a referral from a SoonerCare member's PCP/CM.

If a behavioral health PA decision is in dispute, request a review from APS Healthcare by phone or a letter to the APS Health Care Midwest address above.

REQUESTS FOR SERVICES TO ILLEGAL/INELIGIBLE ALIENS

Illegal aliens are only eligible for emergency medical services. Requests for alien services should be submitted to the local county OKDHS office with a "notification of needed medical services" form, along with the history/physical and discharge summary. The county OKDHS office staff will complete the appropriate paperwork and forward all information to the OHCA's Provider Services Unit. Requests for emergency medical services to illegal aliens cannot be submitted online. The OHCA Medical Directors Unit approves or disapproves each medical service. If a disability or incapacity determination is required, the OHCA Provider Services Unit will coordinate that decision with the OHCA Level of Care Evaluation Unit (LOCEU). The OHCA Provider Services staff will notify the county OKDHS office of the decision(s) (the approval or denial) of the requested services. The OKDHS county office staff members are responsible for notifying the applicant and the provider of the decision.

SECTION B: PRIOR AUTHORIZATION PROCESS

The OHCA staff will issue either an approval or disapproval for each requested medical/dental service requiring a PA. A computer-

generated PA request decision form showing approval or denial of the service is mailed to the member. The request decision form is not a confirmation of the individual's eligibility for SoonerCare, and the approved clinical period for services may extend beyond the actual period of the member's eligibility. The request decision form serves as notification of the status of a request for PA or a notice of change for the listed services.

Prior authorization represents a clinical decision regarding medical necessity, but is not a guarantee of member eligibility or SoonerCare payment. It is the responsibility of the provider to verify not only SoonerCare eligibility, but also to verify program eligibility and benefit plan (for example: SoonerCare Choice, SoonerCare Traditional) at the time of service. Factors that affect payment are correct claim completion, appropriate referral (if required), provider contract, timely filing and member eligibility.

RETROACTIVE AUTHORIZATION

Medical Authorization should be requested prior to providing a service. If this is not possible due to urgent or emergency situations, the provider must request authorization within 30 days of the initial date of service. Requests received after 30 days of initial date of service will not be processed. The following conditions must be met for a retroactive medical authorization request to be approved:

1. The services rendered must be covered under the SoonerCare program.
2. The services must be verifiable and medical necessity must be documented.

See the Forms chapter of this manual for an example of the Medical and Dental Prior Authorization request forms.

SECTION C: RECONSIDERATION AND APPEAL PROCEDURES

LEVEL 1 – RECONSIDERATION

All denial reconsiderations for medical/DME must be submitted as a new authorization request. The same 30-day retroactive authorization limit applies to all reconsideration requests (i.e. the resubmitted request must be received within 30 days of the initial date of service).

Requesting a Reconsideration on an Authorization Decision

If there is reason to disagree with a medical/DME, dental, pharmacy or behavioral health prior authorization decision, mail or fax a letter and additional documentation requesting a review to the appropriate address below:

Medical:
HP Medical Authorizations
2401 NW 23rd Street, Suite 11
Oklahoma City, OK, 73107
Fax: Local 405-702-9080 or statewide toll free 866-574-4991

Dental:

Oklahoma City, OK 73190

Behavioral health:
Behavioral Health
APS Healthcare Behavioral Health Unit
4545 N. Lincoln, Suite 124
Oklahoma City, OK 73105

LEVEL 2 – APPEAL

Dissatisfaction with the results of a review may be disputed through formal appeal by returning a completed OHCA LD-2 Form to the OHCA Legal Division within 20 days of "Notice of Prior Authorization" recipient. Individuals may represent themselves, have another party represent them or have an attorney represent them. An LD-2 form may be obtained from the OHCA Web site at www.okhca.org, by contacting the Legal Division of the OHCA at 405-522-7217 or by sending a request to:

OHCA Legal Division Docket Clerk
P.O. Box 18497
Oklahoma City, OK, 73154-0497

In the appeal explain what's being appealed and the reason(s) for the appeal.

SECTION D: HOME & COMMUNITY-BASED SERVICES (HCBS) §1915(C) WAIVER PRIOR AUTHORIZATIONS

Medicaid State Plan services are provided to waiver members. Services that are covered as an integral part of the specific waivers must be prior authorized by the entity or agency that administers the particular waiver under which the member receives services.

ADvantage Waiver:
Long Term Care Authority
918-583-3336
www.ltca.org
Community Waiver, In-Home Supports Waiver for Adults, In-Home Supports Waiver for Children and the Homeward Bound Waiver:

OKDHS/Developmental Disabilities Services Division (DDSD)
405-521-6267
http://www.okdhs.org/programsandservices/dd/

Personal Care Services:
OKDHS – Personal care services are prior authorized by the OKDHS. Inquiries should be directed to the OKDHS county office in the county where the member resides and/or The Long Term Care Authority.

Chapter 16

Financial Services

INTRODUCTION

Financial Services ensure that all funds are appropriately disbursed for claim payments and all post-payment transactions are applied correctly. The financial processing function includes generation of payments to providers and production of a remittance advice (RA) for providers that claims were adjudicated and/or financial transactions were processed. Payments are issued via electronic funds transfer (EFT). The only exceptions are: personal care, individual rehab, aides, respite care and foster care.

The Financial Processing function maintains the following information:

- Payment information (checks and EFTs).
- RA reporting.
- 1099 and W-2 IRS reporting.
- Void, stop payments, re-issuance of payments.

SECTION A: PAYMENT INFORMATION

PAYMENTS

The provider has two primary methods of receiving payment from SoonerCare: system-generated check and EFT. These payments, along with the RA, are produced during the financial cycle. The RA, which details each provider's claims and financial transaction activity during the period, is made available to the billing provider through paper or electronic formats to allow verification of billing and payments.

Checks or EFT notices are printed and enclosed with the RA for each provider that chooses to receive a paper RA and for each payment due. For those providers choosing to receive their RA electronically, the payment (check or EFT notice) is sent/mailed separately from the electronic RA.

Electronic Funds Transfers

Providers use the EFT payment option to expedite funds directly to their designated bank account. EFTs will be the default payment disbursement option for all providers unless it is proven that a provider cannot receive an EFT transaction. Those who cannot receive an EFT will receive their payment by paper check.

Manual Payments
A less common method for provider payment receipt is the paper warrant issuance (check).

State Agency Funds Transfers
For all state agencies participating in the Oklahoma Medicaid program, payments will be disbursed via state agency funds transfers. Since the Oklahoma Medicaid program is operated by a state agency, the funds are transferred to the corresponding state agency participating in the Oklahoma Medicaid program.

SECTION B: PAPER RA

OHCA providers receive a weekly RA for any claims submitted the previous week. The RA identifies claims that have been paid, denied, in process or adjusted. The RA includes the client ID number, the provider number, the Internal Control Number (ICN) of the claim processed, the date(s) of service and paid amount. The RA also details any reductions to the paid amount, for reasons such as TPL and/or client co-payment. Each claim detail might have an explanation of benefit (EOB) code explaining the reason for payment, denial, adjustment or in-process statuses. RAs are tailored to individual claim form types (for example: 1500, UB-04, Dental, and Pharmacy) and where appropriate, include additional information like procedure code, revenue code or admission and discharge date for providers that bill on the UB-04 claim form.

The RA has several document types in this order:

1 Check or EFT advice (if applicable)
2 Address page
3 Banner messages (if applicable)
4 Claims activity/status reports (if applicable)
   a Ordered by claim type (Physician, Institutional, Dental, Pharmacy)
   b Ordered by claim status (paid, denied, in process, adjusted)
5 Financial transactions
   a Expenditures (system generated only)
   b Cash receipts
   c Accounts receivable
6 TPL information (if applicable)
7 EOB descriptions (if applicable)

8 Summary report

Providers may request either an electronic or paper RA. The RA is generated in each claims payment cycle. A provider will receive an RA if the provider has activity during the claim cycle or outstanding accounts receivable.

REMITTANCE ADVICE SECTION DESCRIPTIONS

The RA contains the following information:

Medicare Crossover Paid

Claims with a paid status are shown in this RA series, including claims paid at zero.

Medicare Crossover Denied

These claims have been denied payment.

Medicare Crossover In Process

Claims in the processing cycle not finalized are listed in this RA series. Claims found here include

- with attachments;
- past the filing limit;
- suspended;
- requiring manual pricing; and
- with adjustments that have not been finalized.

These claims have not been denied. Claims reflected as "In Process" are ultimately shown as paid, denied or adjusted on subsequent RAs. Claims in process must be monitored to final resolution.

- suspended;
- requiring manual pricing; and
- with adjustments that have not been finalized.

These claims have not been denied. Claims reflected as In Process are ultimately shown as paid, denied, or adjusted on

subsequent RAs. Claims in process must be monitored to final resolution.

NOTE*: Each claim in process lists the EOB message that corresponds to the reason it has been suspended.*

Claim Adjustments
Adjusted claims are listed in this RA series. Two header lines are shown for each adjusted claim. The first header line is for the original or *mother* claim, while the second header line is for the adjusted or *daughter* claim.

Financial Transactions
Non-claim-specific payouts, refunds, and accounts receivable (A/R) transactions are listed in this series of the RA. A transaction number is used to uniquely identify each financial transaction. If a financial transaction is associated to a cash receipt, the cash control number (CCN) is also displayed for informational purposes. Examples of miscellaneous financial transactions tabulated in this RA section include

1. non claims specific payouts to a provider;
2. refunds made to the OHCA by a provider not associated with a single claim; and
3. amounts scheduled for recoupment, which the A/R section tracks repayment of to determine amount to be recouped.

EOB Code Descriptions
Explanation of Benefits (EOB) codes applied to submitted claims are listed along with the respective code narrative. These codes and corresponding narratives describe the reasons submitted claims were suspended, denied or not paid in full.

Summary
Data from the entire RA series are reflected on this page. This section summarizes all claim and financial activity for each weekly cycle and reports year-to-date totals.

REMITTANCE ADVICE SORTING SEQUENCE

Claims are shown on the RA by type and according to the following priority sequence:

1500
1. Alphabetically by member name.
2. Alphanumerically by patient number assigned by the provider.
3. Numerically by ICN.

UB-04
1. Alphabetically by member name.

2. Alphanumerically by patient number assigned by the provider.
3. Numerically by ICN.

Drug

1. Alphanumerically by prescription number.
2. Alphabetically by member name.
3. Numerically by ICN.

Dental

1. Alphabetically by member name.
2. Numerically by ICN.

EOB CODES

EOB codes are provided with each RA. These codes and the corresponding details describe the reason submitted claims were suspended, denied, or not paid in full. Because the claim can have edits and audits at both the header and detail levels, EOB codes are listed for both header and detail information. A maximum of 20 EOBs are listed for the header, and a maximum of 20 EOBs are listed for each detail line. Exceptions are suspended claims, which have a maximum of two EOBs per header and detail. **These are not denial codes, but rather the reason the claim is being reviewed.** EOB data are listed immediately following the claim header and detail information beside the caption of the EOB. EOB 00 lists header codes, EOB 01 lists line one of the claim's codes, and EOB 02 lists line two of the claim's codes. If there are no EOBs posted for a particular EOB XX line, the line is not printed. Explanation of benefits and denial information are provided in HIPAA compliant formats.

For more detailed EOB and denial information, providers are encouraged to use the OHCA secure Internet site available at www.okhca.org. Once there, use the claim inquiry option. An additional resource for this information can be found by calling 800-522-0114 and selecting option 1, for claim status.

For more information about HIPAA, please visit: http://www.cms.hhs.gov/

For a detailed listing of these new HIPAA codes, visit:

http://www.wpc-edi.com/ClaimAdjustment_40.asp.

REMITTANCE ADVICE EXAMPLES

The following pages display examples of the OHCA RA and detailed information regarding the statements. The illustrative samples give examples of where the data are found on the RA document. Examples that follow the illustrative samples

include claims adjudication pages for each claim type. The examples are a representative sample of what a provider might see on an RA. This is not a comprehensive listing for each claim type.

Field	Description	Data Type	Length
Additional Payment	Provides the additional payment amount when the adjustment results in a positive paid amount.	Number	9
Address	Payee's address.	Character	31
Allowed	Computed detail-level dollar amount allowable for dispensed drug under the medical assistance program being billed.	Number	9
Allowed Amount	Computed dollar amount allowable for dispensed drug under the medical assistance program being billed. Pricing each ingredient used to formulate the compound and adding up the individual prices will produce this amount.	Number	9
Billed Amount	Dollar amount requested by the provider for dispensed drug.	Number	9
City	City where payee resides.	Character	15
Client Number	Member's Medicaid identification number.	Character	12
Client Name	Client's name.	Character	29
Co-Pay	Dollar amount that the member should pay and is deducted from the allowed amount to arrive at the paid amount. The co-pay amount that is deducted depends on the type of drug dispensed.	Number	8
Dispense Date	Date drug was actually dispensed to member. This serves as service date for drug claims.	Character	8
EOB Codes	These are the EOB codes that apply to the header on the compound drug claim form. These codes are used to explain why the claim was adjusted. There could be a maximum of 20 EOB codes per claim header. See HIPAA Reason Code for detailed information on EOBs.	Number	4
Header EOBS	These are the EOB codes that apply to the header on the compound drug claim form. These codes are used to explain why the claim was adjusted. There could be a maximum of 20 EOB codes per claim header. See HIPAA Reason Code for detailed information on EOBs.	Number	4

Field	Description	Data Type	Length
ICN	Unique number used to identify and track a claim processed through the system. The first number displayed is the ICN of the original claim. The ICN of the adjusted claim is displayed under the ICN of the original claim.	Character	13
Issue Date	Date check was issued.	Character	10
NDC	These are the national drug codes that pertain to the compound ingredients. There is a maximum of 15 ingredients that can be entered on one claim.	Character	11
Net Overpayment	This provides the net overpayment amount when the adjustment results in a negative paid amount and an accounts receivable (setup) transaction is established.	Number	9
Net Overpayment (AR)	This provides the net overpayment amount when the adjustment results in a negative paid amount and an accounts receivable (setup) transaction is established.	Number	9
Paid Amount	Dollar amount paid for drug. Computing the allowable amount for the drug and deducting the TPL, and/or co-pay amounts determine this.	Number	9
Payee Number	Provider number for provider receiving payment and RA.	Number	9
Payment Number	This is the check number corresponding to a check or the control number of an EFT transaction.	Number	9
Provider Name	Payee's name.	Character	50
RX NO.	Indicates the prescription number on the prescription that was used to dispense the drug.	Character	7
Refund Amount Applied	This provides the refund amount applied when the adjustment results in a negative paid amount and cash is applied in the payment cycle.	Number	9
Reimbursement Amount	The full amount payable on claim prior to deducting state share. The paid amount is the amount after state share is deducted from reimbursement amount.	Number	9
Rendering Provider Number	Number used to identify provider performing the service.	Number	9
Service Location Code	One-byte alphabetic code used to indicate billing provider location.	Character	1

Field	Description	Data Type	Length
Spenddown Amount	This field is not currently being used for Oklahoma Medicaid billing.	Number	8
State	Payee's state of residence.	Character	2
TPL Amount	Dollar amount paid for drug by any source outside of the state medical assistance program that is being billed. If present, this amount is subtracted from allowed amount to arrive at the paid amount.	Number	9

Field	Description	Data Type	Length
Address	Payee's address.	Character	31
Check/EFT Number	This is the check number corresponding to a check or the control number of an EFT transaction.	Number	9
City	City where payee resides.	Character	15
Current Amount Capitation Payment	The total dollar amount of the capitation payment for the current month. This dollar amount will only be reported on the first financial cycle of every month. In addition, this number will be reported on the RA only for those providers receiving administrative payments during the current year.	Number	9
Current Amount Claim Adjustments	The total net dollar amount of all positive adjustments finalized during the current financial cycle. Negative adjustments that result in an A/R are reported below in the offsets section. Refund adjustments are reported in the Refunds section of the RA.	Number	9
Current Amount Claim Specific A/R (Offsets Current Cycle)	The total dollar amount of all claim specific A/R established during the current financial cycle.	Number	9
Current Amount Claim Specific Adjustment Refunds	The sum dollar amount of all claim specific refunds received and applied during the current weekly financial cycle.	Number	9
Current Amount Claims Paid	The total dollar amount of the claims paid during the current weekly financial cycle.	Number	9
Current Amount Claims Payments	The total dollar amount of all claims paid and positive adjustments finalized from the current weekly financial cycle. This number is propagated from the Total Claims Payment field of the Claims Data section.	Number	9

Field	Description	Data Type	Length
Current Amount FICA Withheld	This is the amount of FICA withheld for certain provider types for the current period.	Number	9
Current Amount Lien Holder Payment	The total dollar amount that is being paid to the lien holder during the current weekly financial cycle. If there is more than one lien holder, each lien will be printed separately.	Number	9
Current Amount Manual Payouts (Non Claim Specific)	Manual payouts entered into the system during the current financial cycle. This only includes those checks that were issued outside the system through a manual checkwrite versus a system payout that is issued through the system.	Number	9
Current Amount Net Earnings	Calculates the net earnings for the current weekly financial cycle. Calculation is as follows: Payments and manual payouts less offsets, refunds and voids.	Number	9
Current Amount Net Payment	The sum of all claims payments less any offsets for the current financial cycle. This amount will equal the provider's weekly payment and the provider's checkwrite. NOTE: If a lien has been assessed against a provider's payments, this number will still represent the total net payment for the provider, but the checkwrite will be the payment less any lien payment amounts. A double asterisk (**) next to the net payment amount denotes that the actual check amount will be reduced by a lien assessed against a provider's payments.	Number	9
Current Amount Non Claim Specific Offsets	The total dollar amount of all non-claim specific accounts receivables established during the current financial cycle.	Number	9
Current Amount Non Claim Specific Refunds	The sum dollar amount of all non-claim specific refunds received and applied during the current weekly financial cycle.	Number	9
Current Amount Outstanding A/R from Prev Cycles	The dollar amount of all claim specific A/R established in previous cycles which have not been satisfied.	Number	9
Current Amount State Share Amount	This is the amount of state share (a negative amount) for the current period.	Number	9
Current Amount System Payouts (Non Claim Specific)	The total dollar amount of all non-claim specific payouts made to the provider for the current financial cycle.	Number	9
Current Amount Total Claims Payments	The total dollar amount of all claims paid and the net dollar amount of all positive adjustments finalized during the current weekly cycle.	Number	9

Field	Description	Data Type	Length

SECTION C: ELECTRONIC REMITTANCE ADVICE

An electronic RA is available by using the X12 835 transaction as mandated under HIPAA. The 835 transaction is available to all OHCA providers and contracted trading partners that have requested electronic RAs. The 835 is a financial transaction that functions as an electronic means of posting accounts receivable. It is not intended to be equivalent to the paper RA and does not include detailed denial explanations.

The 835 Transaction is available from the Web or Remote Access Server (RAS) in a downloadable file. If other media is required (for example: tape or diskette), it is the provider's responsibility to contact EDS to make other arrangements.

The 835 Transaction does not accommodate notification of a claim status of pending/suspended/under review. Oklahoma Medicaid will be providing a supplemental transaction that will provide claim status information on pended claims. This transaction is the 277 Health Care Payer Unsolicited Claim Status.

SECTION D: 1099 & W-2S

Annual earnings, based on the unique Tax Identification Number (TIN), are reported on IRS Form 1099 and submitted to each provider and the Internal Revenue Service. All money earned by TIN is reported on the Form 1099, based on an untaxed basis. It is then the responsibility of the provider to file and pay the appropriate taxes. These taxes can be owed to federal, state and local governments.

Additionally, an IRS Form W-2 is generated to report earnings and FICA contributions to the OCHA's Individual Personal Care Services providers. All money earned and FICA withholdings for each of these providers is reported on the Form W-2. It is then the responsibility of the provider to file and pay the appropriate taxes. These taxes can be owed to federal, state and local governments.

SECTION E: STOP PAYMENTS, VOIDS, RE-ISSUANCE

STOP PAYMENTS

Stop Payments occur when a provider indicates a check was not received. If the provider has not received a check, a stop payment request is necessary so that a replacement check can be issued. If a check is incorrectly issued, the stop payment request is necessary to prevent the funds from being disbursed in error.

A provider may call to request that a stop payment be placed on a check that was not received. In order for a payment to be reissued, the original check must first be stopped in the OKMMIS, and the OHCA manually reissues the provider a system-generated replacement check. The check can be resubmitted anytime and will be printed in the next manual check print run.

CHECK VOIDS

There are two types of voids that can occur within the OKMMIS: regular check voids and check void/reissue

Regular Check Voids

The first type, a regular void, occurs for any of the following reasons:

- The individual receiving treatment, listed on the RA, is not a patient of the provider who received the check.
- A payment was received by the wrong provider, and the check is returned to the OHCA with 'void' or 'not ours' written on the face of the check.
- A check was paid to a provider who does not belong to the group or has left the group.
- The payment was inappropriately made payable to the wrong location or provider identification number.
- The check is cancelled by statute and the OHCA directs that a void can be completed.

In the above situations, the checks would be voided within the OKMMIS and all claims associated with the dollars identified to this check will become denied claims. In order to receive payment for any of the now voided claims, it will be necessary for the provider to resubmit the claims.

Check Void/Reissue

The second type of voided check is a Void/Reissue. Void/Reissue items are a result of a check being mutilated or destroyed and a subsequent reissued check being manually prepared.

SECTION F: ELECTRONIC CARE COORDINATION PAYMENTS

The 820 Transaction Set is the HIPAA compliant financial transaction used to transmit care coordination payments. The 820 Transaction Set is generated by the Oklahoma OKMMIS and is distributed to primary care providers/case managers (PCP/CMs) who request electronic capitation reports and participate in the SoonerCare Choice program.

The 820 Care Coordination Payment is combined with the last financial cycle of the month. This transaction is used for the Premium Payment Remittance Information (PPRI).

Total payment amount noted in the BPR02 segment of the 820 Transaction may or may not equal the actual payment amount. This is due to the integration of the premium payment with fee-for-service claims payment in the same weekly financial cycle.

The 820 Transaction is only available by download via the Web or RAS. The PCP/CMs must contact EDS to make other arrangements if other media is required.

Chapter 17

Utilization Review

INTRODUCTION

Utilization review activities required by the OHCA are accomplished through a series of monitoring systems developed to ensure that services are reasonable, medically necessary and of optimum quality and quantity. Members and providers are subject to utilization review. Utilization control procedures safeguard against

- unnecessary care and services;
- inappropriate services and quality of care; and
- inappropriate payment.

UTILIZATION REVIEW FOCUS

Utilization review activities ensure the efficient and cost-effective administration of the OHCA by monitoring

- billing and coding practices ;
- medical necessity;
- level of care validations;
- quality of care;
- documentation;
- misuse;
- overuse;
- reasonableness of prior authorization (PA); and
- other administrative findings.

FEDERAL REGULATIONS

Title XIX of the Social Security Act, Sections 1902 and 1903, and regulations found in 42 CFR 456 mandate that utilization review of the OHCA services provide methods and procedures to safeguard against unnecessary use of care and services.

These federal regulations also require that the OHCA be able to identify and, if warranted, refer cases of suspected fraud or abuse to the Medicaid Fraud Control Unit of the Office of the Oklahoma Attorney General for investigation and prosecution. Utilization review guards against unnecessary medical care and services, and ensures that payments are appropriate according to the coverage policies established by the OHCA.

UTILIZATION REVIEW MONITORING

The Surveillance and Utilization Review System (SURS) is used to help identify patterns of inappropriate care and services. Use of this system enables the OHCA to develop a comprehensive profile of any unusual pattern of practice and reveals suspected instances of fraud or abuse in the SoonerCare (Medicaid) program. The Utilization Review program is a useful tool in detecting the existence of any potential defects in the level of care or services provided under the SoonerCare program.

SECTION A: PROVIDER UTILIZATION REVIEW

FRAUD DEFINED

Fraud is an intentional deception or misrepresentation made by the provider or member, which could result in an unauthorized benefit such as an improper payment to a SoonerCare provider. Some examples of fraud are

- altering a member's medical records to generate fraudulent payments;
- billing for services or supplies not rendered or provided;
- soliciting, offering or receiving a kickback, bribe or rebate; or
- submitting claim forms inappropriately altered to obtain higher reimbursement.

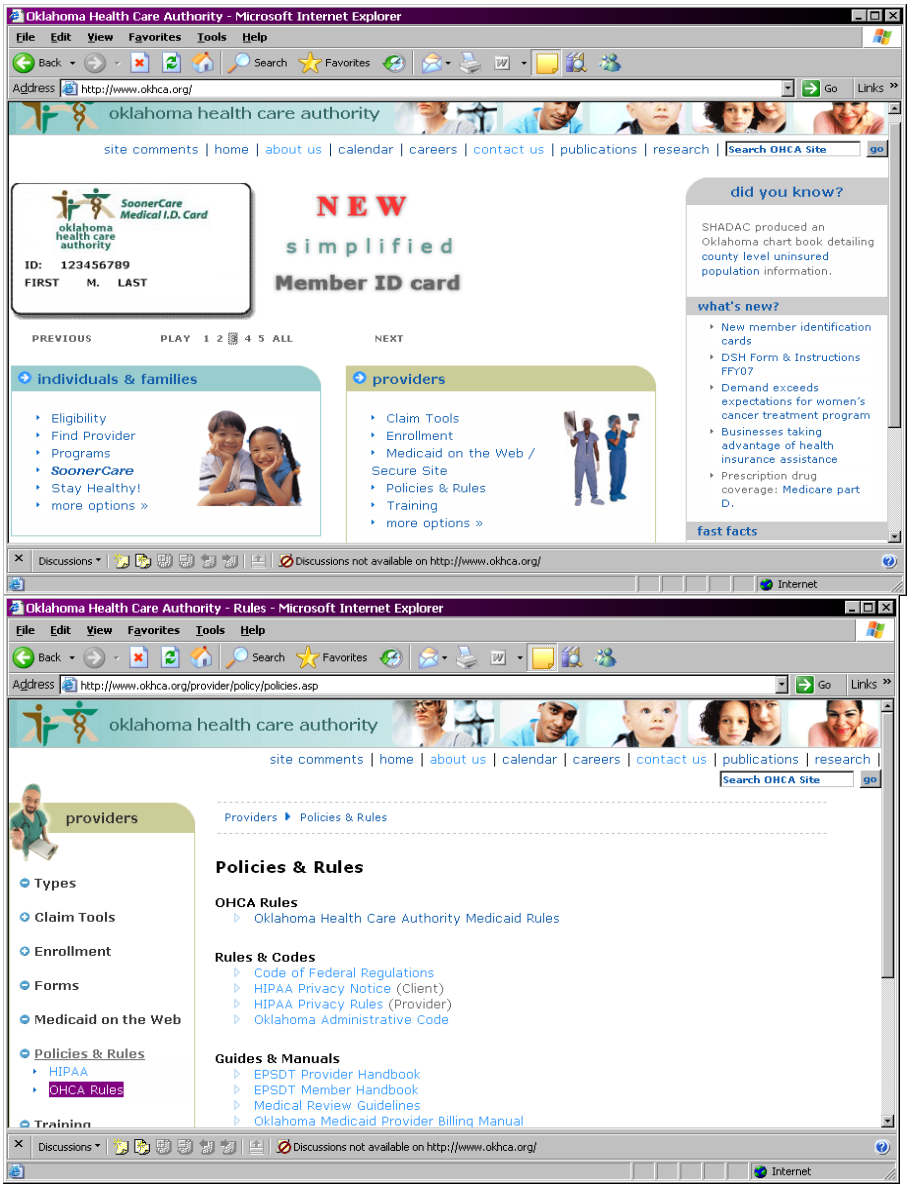
ABUSE DEFINED

The term abuse describes incidents or practices of the OHCA providers that, although not usually considered fraudulent, are inconsistent with accepted sound medical, business or fiscal practices. These practices can result in unnecessary costs to the OHCA, improper payment, or payment for services that fail to meet recognized standards of care or are medically unnecessary. Some examples of abuse are

- billing and receiving payment from an OHCA member for the difference between the provider charge and the OHCA reimbursement for the service;
- submitting claims for services not medically necessary in relation to a member's diagnosis;
- excessive charges for services or supplies; or
- violation of any of the provisions of the provider agreement.

RECORD RETENTION

For more information on record retention, go to http://www.okhca.org, select the (Providers Section) More Options (see Screen Sample 16.1) and select the OHCA Rules link under Policies & Rules at left. Select the Chapter 30 link once the page opens and scroll down to Sections 317:30-3-4.1 and 317:30-3-15. Specific provider policy sections may be referenced for any additional requests.



Screen Sample 16.1

SECTION B: MEMBER UTILIZATION REVIEW

When member utilization review identifies a member who might be using SoonerCare services more extensively than his/her peers, the member can be placed on a Lock-In/Restricted Services Program. Visit http://www.okhca.org, select the (Providers Section) More Options (see Screen Sample 16.1) and select the OHCA Rules link under Policies & Rules. Select the Chapter 30 link once the page opens and scroll down to Section 317:30-3-14 to obtain more information on member lock-in.

IDENTIFICATION OF LOCK-IN MEMBERS

Restricted data are available from the following areas:

- Eligibility Verification System (EVS)/Automated Voice Response (AVR) at 800-767-3949 or 405-840-0650.
- Swipe card device.
- The Medicaid on the Web secure site.

If the member is restricted, the EVS/AVR, Medicaid on the Web or swipe-card device will list those restrictions. In addition to the restricted program guidelines, all other OHCA guidelines, such as prior authorization (PA) requirements, must be followed.

For questions about the Lock-In program, please contact the pharmacy help desk at 800 522-0114, option 4.The PHARM-16 (Pharmacy Lock-In Referral form) is located on the Pharmacy Forms page at http://www.okhca.org/provider/types/pharmacy/pharmacy_forms.asp

SECTION C: UTILIZATION REVIEW TRENDS

Fraud and abuse of the Soonercare system costs taxpayers millions of dollars each year. Responsible Oklahomans need to work together to prevent fraud and abuse, and to ensure that the SoonerCare funds available are directed to those who truly deserve them.

The state relies on the health care provider community to be active participants in detecting, and deterring SoonerCare abuse and fraud. If abusive or fraudulent activities are suspected, providers are encouraged to contact one of the following offices:

SECTION D: ADMINISTRATIVE REVIEW AND APPEAL PROCESS

CRIMINAL PENALTIES

Section 1909 of the Social Security Act provides criminal penalties for providers or members who make false statements or representations or intentionally conceal facts in order to receive payments or benefits. These penalties apply to kickbacks, bribes and rebates to refer or induce purchase of SoonerCare compensable services. The penalties also apply to individuals who knowingly and willfully charge members the difference between billed amounts and the amount allowed by SoonerCare.

BASIS FOR SANCTIONS

The OHCA may sanction a medical provider who has an agreement with the OHCA. To obtain more information on sanctions, go to http://www.okhca.org., select the (Providers Section) More Options (see Screen Sample 16.1), scroll down and select the OHCA Rules link under Policies & Rules. Select the Chapter 30 link once the page opens and scroll down to sections 317:30-3-18, and 317:30-3-19.

APPEALS PROCEDURES (EXCLUDING NURSING HOMES AND HOSPITALS)

To obtain more information on appeals, go to http://www.okhca.org., select the (Providers Section) More Options (see Screen Sample 16.1), scroll down and select the OHCA Rules link under Policies & Rules. Select the Chapter 30 link once the page opens and scroll down to Section 317:30-3-20; 317:2-1-2.2 (Members appeals); 317:2-1-2.3 (other grievances).

APPEALS PROCEDURES FOR LONG TERM CARE NURSING FACILITIES

To obtain more information on long term care facility appeals, go to http://www.okhca.org, select the (Providers Section) More Options (see Screen Sample 16.1), scroll down and select the OHCA Rules link under Policies and Rules. Select the Chapter 30 link once the page opens and scroll down to Section 317:30-3-21.

Chapter 18

Quality Assurance And Improvement

INTRODUCTION

The Quality Assurance and Improvement Department of the Oklahoma Health Care Authority (OHCA) coordinates the quality assurance evaluation and improvement processes for all OHCA medical programs. These functions are accomplished through ongoing monitoring and evaluation of SoonerCare services and implementation of improvement initiatives to help ensure that SoonerCare beneficiaries receive appropriate and high quality health care. This unit also coordinates the activities of the agency Quality Assurance Committee and provides technical support in developing and reporting federally required quality assurance/improvement activities of the agency. In addition, the Quality Assurance and Improvement Department maintains the Oklahoma Medicaid Management Information System (OKMMIS) reference file of procedure and diagnosis codes for each SoonerCare program.

The Quality Assurance and Improvement requirements of the OHCA are completed through a variety of monitoring and evaluation activities to ensure that the health care services provided to SoonerCare members meet quality standards as well as program requirements. Quality Assurance and Improvement activities include

- monitoring of utilization for the various SoonerCare programs;
- on-site provider audits for the evaluation of contract compliance;
- investigation of member and provider complaints;
- development and monitoring of quality improvement studies; and
- ongoing evaluation and maintenance of the integrity of the OKMMIS system.

SECTION A: PROVIDER UTILIZATION REVIEW

State Medicaid agencies are required by federal regulations to provide methods and procedures to safeguard against unnecessary utilization of care and services, and to assure "efficiency, economy and quality of care." To meet the requirements of the federal regulations, the OHCA contracts with a Quality Improvement Organization (QIO) to conduct medical and utilization reviews. APS Healthcare Midwest serves as the contracted QIO for the OHCA. The Quality Assurance and Improvement department provides oversight of the QIO contract and works with the contracted QIO.

Federal regulations and OHCA rules state that some Medicaid services are subject to utilization review by an external organization under contract with the OHCA. The QIO conducts a medical hospital random sample review on services provided to SoonerCare beneficiaries in the SoonerCare Traditional fee-for-service program. The purpose of the inpatient hospital utilization review program is to safeguard against unnecessary and inappropriate medical care rendered to SoonerCare beneficiaries. Federal regulations require medical services and/or records to be reviewed for medical necessity, quality of care, appropriateness of place of service and length of stay by the contracted organization. In addition to inpatient review, The QIO conducts a random sample review of hospital outpatient observation services to ensure that these services meet specified guidelines.

The OHCA rules state that the QIO conducts the administrative process for the providers it reviews. The process conducted by the QIO is the only administrative remedy available to providers and the decision issued by the QIO is considered by the OHCA to be a final administrative decision. The final determination is not appealable to the OHCA for any further administrative review. Following the final determination on a utilization review, the OHCA will recoup the monies paid to the provider(s) associated with the review.

All inpatient and outpatient observation services are subject to QIO post-payment utilization review. These reviews are based on illness severity and treatment intensity. Hospitals and providers have the opportunity to present any and all documentation available to support the medical necessity of the provided services. If a denial determination is made by the QIO, a notice is issued to the facility, and attending physician advising them of the decision and the time frame for submitting a reconsideration request. Additional information submitted with the reconsideration request will be reviewed by the QIO and a final decision on the reconsideration will be made by the QIO within the specified time frame. The provider(s) will be notified of that decision. Once that process is finalized, the QIO notifies the OHCA of the decision. If the initial decision is upheld, the claim is processed for recoupment. If the review is denied and a refund from the hospital and physician is required, the SoonerCare member may not be billed for the denied services.

SECTION B: ON-SITE PROVIDER AUDITS

The staff of the OHCA Quality Assurance and Improvement department conducts on-site provider audits on a routine basis for all SoonerCare Choice primary care providers. The purpose of

these reviews is to assess contract compliance, and provide education to providers on the SoonerCare program, contract requirements, billing, EPSDT requirements, chart documentation and other topics. The unit staff provides information related to current performance improvement initiatives of the organization and referral assistance to other departments within the agency. The compliance team consists of a compliance analyst and a nurse who collaborates the required review items. Prior to the review, a departmental staff member notifies the office staff and provider of the upcoming review. Once a review date is scheduled, the staff mails a copy of the audit tool to the provider, including information about the documents requested for the review. A list of the requested medical records will be submitted to the provider prior to the review. Following the on-site review, the provider receives a written audit report that details the findings and any required follow-up action. The QA/QI staff will work with the provider to comply with any required action. The compliance team works in partnership with the contracted provider and other OHCA staff and is available to assist with improvement activities.

SECTION C: MEMBER OR PROVIDER COMPLAINTS

Quality Assurance and Improvement staff members conduct reviews and follow-ups for member's and provider's potential quality of care issues. These cases are identified by OHCA staff and are referred to the Quality Assurance and Improvement department for review. When a referral is received, it is often necessary to request records from provider(s) identified in the actual referral or through an analysis of claims related to the complaint.

Cases may also be identified by the contracted QIO through completion of activities associated with contract requirements. When identified, medical records and/or additional information from the identified provider are requested for completing the review of potential issues. OHCA staff may also refer potential quality of care cases to the QIO for review and follow-up.

SECTION D: QUALITY IMPROVEMENT STUDIES/PROJECTS

The OHCA conducts ongoing quality improvement studies. Some of these studies are ad hoc in nature and developed in response to an identified area of focus for improvement. Others are conducted on a routine and ongoing basis. In addition to the studies conducted in the unit, the OHCA conducts studies through its contract with its QIO.

A partial listing of studies conducted by OHCA staff and/or in collaboration with its QIO include

- EPSDT screenings;
- comprehensive diabetic management;
- ER utilization;
- cervical cancer screenings;
- breast cancer screenings;
- appropriate medications for the treatment of asthma;
- prenatal care;
- service utilization; and
- member satisfaction surveys.

The completion of some studies requires review of the medical records associated with the SoonerCare members selected in the sample. For those studies, a request for a copy of each medical record needed for review will be made by staff from the contracted QIO and/or by OHCA staff. Providers are required to send requested records within the request's specified time frame. The Quality Assurance and Improvement Department encourages any questions concerning the medical record requests.

The Quality Assurance and Improvement Department also develops and monitors quality improvement initiatives. Current initiatives include

- emergency room utilization provider profiling;
- emergency room utilization member outreach;
- adult diabetes care;
- EPSDT screenings;
- childhood immunizations; and
- adolescent immunizations.

The Quality Assurance and Improvement Department is currently developing additional provider profiles, which include breast cancer screening, cervical cancer screening and EPSDT screening.

In addition to internal improvement activities, the OHCA collaborates with external organizations in research and quality improvement initiatives. Department staff members are active project participants with the State Task Force to Reduce Health Care Disparities, the Child Death Review Board, the Center for Health Care Strategies and the Oklahoma State Department of Health. Departmental staff members also provide data and research support for multiple quality-related projects.

SECTION E: SYSTEM INTEGRITY

The Quality Assurance and Improvement Department maintains the OKMMIS Reference File, which includes diagnosis, procedure

and revenue codes, and program specifications for claim processing. The department is also responsible for maintenance of the claims editing program, which is an integral part of the processing of physician claim form 1500. The staff members monitor and update code changes, existing policy, and policy changes to evaluate the impact of changes to the reference file and claims editing program. The department also makes recommendations for policy changes and/or new policy in response to program changes as well as changes throughout the health care industry.

CONSENT FORM

NOTICE: YOUR DECISION AT ANY TIME NOT TO BE STERILIZED WILL NOT RESULT IN THE WITHDRAWAL OR WITHHOLDING OF ANY BENEFITS PROVIDED BY PROGRAMS OR PROJECTS RECEIVING FEDERAL FUNDS.

CONSENT TO STERILIZATION

I have asked for and received information about sterilization from (doctor or clinic)_____. When I first asked for the information, I was told that the decision to be sterilized is completely up to me. I was told that I could decide not to be sterilized. If I decide not to be sterilized, my decision will not affect my right to future care or treatment. I will not lose any help or benefits from programs receiving Federal funds, such as AFDC or Medicaid that I am now getting or for which I may become eligible.

I understand that the sterilization must be considered permanent and not reversible. I have decided that I do not want to become pregnant, bear children or father children.

I was told about those temporary methods of birth control that are available and could be provided to me which will allow me to bear or father a child in the future. I have rejected these alternatives and chosen to be sterilized.

I understand that I will be sterilized by an operation known as a _____. The discomforts, risks and benefits associated with the operation have been explained to me. All my questions have been answered to my satisfaction.

I understand that the operation will not be done until at least thirty days after I sign this form. I understand that I can change my mind at any time and that my decision at any time not to be sterilized will not result in the withholding of any benefits or medical services provided by federally funded programs.

I am at least 21 years of age and was born on (mm/dd/yyyy) _____ . I, _____ hereby consent of my own free will to be sterilized by (doctor) _____ by a method called _____ . My consent expires 180 days from that date of my signature below. I also consent to the release of this form and other medical records about the operation to: Representatives of the Department of Health and Human Services or Employees of programs or projects funded by that Department but only for determining if Federal laws were observed. I have received a copy of this form.

Signature _____
Date _____

You are requested to supply the following information, but it is not required:

Race and ethnicity designation (please check)

- ☐ American Indian or Alaska Native
- ☐ Asian or Pacific Islander
- ☐ Black (not of Hispanic origin
- ☐ Hispanic
- ☐ White (not of Hispanic origin)

INTERPRETER'S STATEMENT

If an interpreter is provided to assist the individual to be sterilized: I have translated the information and advice presented orally to the individual to be sterilized by the person obtaining this consent. I have also read him/her the consent form in _____language and explained its contents to him/her. To the best of my knowledge and belief he/she understood this explanation.

Interpreter _____Date _____

STATEMENT OF PERSON OBTAINING CONSENT

Before (name of individual)_____ signed the consent form, I explained to him/her the nature of the sterilization operation _____ , the fact that it is intended to be a final and irreversible procedure and the discomforts, risks and benefits associated with it.

I counseled the individual to be sterilized that alternative methods of birth control are available which are temporary. I explained that sterilization is different because it is permanent.

I informed the individual to be sterilized that his/her consent can be withdrawn at any time and that he/she will not lose any health services or any benefits provided by Federal funds.

To the best of my knowledge and belief the individual to be sterilized is at least 21 years old and appears mentally competent. He/She knowingly and voluntarily requested to be sterilized and appears to understand the nature and consequences of the procedure.

PHYSICIAN'S STATEMENT

Shortly before I performed a sterilization operation upon (name of individual)_____ on (date of sterilization)_____, I explained to him/her the nature of the sterilization operation (type of operation)_____ the fact that it is intended to be final and irreversible procedure and the discomforts, risks and benefits associated with it. I counseled the individual to be sterilized that alternative methods of birth control are available which are temporary. I explained that sterilization is different because it is permanent.

I informed the individual to be sterilized that his/her consent can be withdrawn at any time and that he/she will not lose any health services or any benefits provided by Federal funds.

To the best of my knowledge and belief the individual to be sterilized is at least 21 years old and appears mentally competent. He/She knowingly and voluntarily requested to be sterilized and appeared to understand the nature and consequences of the procedure.

Instructions for alternative final paragraphs: Check the first paragraph below except in the case of premature delivery or emergency abdominal surgery where the sterilization is performed less than 30 days after the date of the individual's signature on the consent form. In those cases, the second paragraph must be checked.

☐ 1. At least thirty days have passed between the date of the individual's signature on this consent form and the date the sterilization was performed.

☐ 2. This sterilization was performed less than 30 days but more than 72 hours after the date of the individual's signature on this consent form because of the following circumstances (check applicable box and fill in information requested):
